## CLEARING WAY TO EXPEDITE PACIFIC WAR

President is Reported To Have Offered Full Support of U. S. in Settling Europe's Problems

## RUSSIA'S ROLE IS VITAL

By ERNEST B. VACCARO  
Potsdam, July 19.—(AP)—President Truman was reported today to have offered full support of the United States government to any reasonable settlement of Europe's immediate problems, apparently in an effort to clear the way for concentration by the Big Three on the Japanese war.

The momentous conference swung into its third day to all appearances on a note of harmony. Chief American interest centered in what steps the three statesmen might take to expedite the unconditional surrender of Japan, and if the report of the president's offer is true, much has been accomplished to speed the work of the conference.

The president was reported to have told Prime Minister Churchill and Premier Stalin that the U. S. government would give full support to any reasonable settlement of boundary disputes, stabilization and rehabilitation.

In London, well-informed diplomatic sources expected the Big Three to amputate a huge slice of eastern Germany for the benefit of Poland.

But for the present actual decisions of the conference and matters under discussion still are on the top secret level pending formal issuance of a joint communiqué.

There have been strong indications that Asia and Japan already have been under discussion by the three conferees. President Truman is understood to be contending that the saving of American lives is of paramount importance with the United States government.

Some American observers in Potsdam consider the Japanese war and Russia's possible role therein the major points of discussion. Admiral William D. Leahy, the president's adviser; Gen. George C. Marshall, chief of staff; Admiral of the Fleet Ernest J. King and Gen. H. H. Arnold, air chief, are reported to have prepared impressive data.

There is speculation here on Russia's possible participation in the war on the Asiatic mainland. The Soviet Far Eastern army has been strengthened continually since last fall, and those who have studied the situation speculate that Russia could hurl great strength against the Japanese on the Manchurian plains, could participate through a limited holding action while providing bases for numbers of American bombers, or could throw its weight into the decision in a number of other ways.

Recalling the various scores the Russians have to settle with the Japanese, observers here considered significant a release to Allied (Turn to Page Eleven)

## More Eggs By Fall Promise of Officials

Harrisburg, July 19.—(AP)—Pennsylvanians can expect more eggs by late fall, the agriculture department predicted today, if farmers and commercial poultrymen take advantage of the army's decision to buy only 70 per cent of the poultry from the Delaware-Maryland-Virginia area.

The army had "frozen" 90 per cent of the poultry stocks, but several weeks ago it reduced the amount by spreading its requirements from other areas.

"Already there is a tendency toward reduction of the drain on farm flocks in Pennsylvania," said E. J. Lawless, Jr., the agriculture department's poultry and egg marketing specialists. "This is being accompanied by relief from the practice of over-ceiling sales."

## Harvesting of Small Grains And Hay Delayed by Weather

Harrisburg, July 19.—(AP)—Harvesting of small grains and hay on Pennsylvania farms has been delayed by cold, wet weather.

The Federal-State Crop Reporting Service said temperatures for the week ended Tuesday averaging four degrees below normal, and that nearly five inches of rain fell at Scranton and almost four inches at Hanover.

Status of grain and hay crops as reported by the agency: "Corn fields are reported to be grassy, with stands uneven. Otherwise the crop is coming along well."

## When Suicide Plane Hit Carrier Ticonderoga

The Essex-class U. S. carrier, Ticonderoga, once more is proving a scourge of the Japs after having been hit by two enemy suicide planes within 30 minutes off Formosa last Jan. 21. Photo above was made after first plane hit. Smoke billows from bomb hole and from carrier's No. 1 elevator, forward, where bomb-laden suicide craft exploded. Note splintered deck and casualty at extreme left. Record of Ticonderoga includes sinking of one heavy and one light enemy cruiser, two destroyers and at least 27 other Nip ships.

## OPA Violator Starts Prayer Little Too Late

Miami, Fla., July 19.—(AP)—Charles E. Johnson, negro filling station operator, decided a little fervent praying would be best protection against OPA charges of gasoline rationing violation.

After he had been arraigned before OPA Hearing Commissioner Travis Williams, he clasped his hands and began to invoke divine intervention. "Just a moment," remonstrated Williams. "I'll try you first. The Lord can try you later."

## Rankin Asks Dismissal Of War Secretary

Washington, July 19.—(AP)—Rep. Rankin (D-Miss) told the house today Secretary of War Henry Stimson and two of his aides should be removed from office.

Rankin declared that Stimson, Undersecretary of War Robert Patterson and Assistant Secretary of War John J. McCloy "are using their offices to indoctrinate men with communistic philosophy." He added:

"The house committee on un-American activities is getting constant protests from soldiers that these men are responsible for commissioning Communists in the army."

"I think these three should go now."

"It is gratifying to note that President Truman is going to hurry from Germany and I hope he continues his policy of clearing house and begins with the war department."

The war department came to quick defense yesterday of sixteen officers and men described on Capitol Hill as having backgrounds which "reflex Communism in some form."

A department statement said thorough investigation of the commissioned and non-commissioned personnel listed "did not lead the army to conclude that any of the individuals was disaffected or disloyal."

A few fields that were planted early started to tassel in southeastern counties.

"Most wheat has been cut, much is threshed in the southeast. Yields generally are above average."

"Oats are turning color rapidly. Rye is being cut east of the mountains. Buckwheat is showing above the ground in central counties."

"Timothy hay yields are reported to be heavy and the harvesting of clover and mixed hay is nearly over. Threshing of alfalfa shows excellent stands and some cutting was started during the week."

## Army and Navy Leaders Are Planning For War To Last Until the End of Next Year

By JOHN M. HIGHTOWER  
Washington, July 19.—(AP)—Army and navy leaders are planning for the war against Japan to run at least until the last months of 1946.

This is the blunt truth, as of today, despite a flood of rumors in Washington that some significant development is imminent in the Pacific conflict.

Military leaders, assuming the Japanese will fight to the bitter end, also are planning clean-up campaigns in China, although what happens there specifically depends on Russia.

If Russia comes into the war fairly soon—a development the chiefs of staff at Berlin could plan—fight on until they are thoroughly defeated in battle.

The recent waves of "peace talk" have left this view unshaken, although officials point to the ever-present possibility that Japan might decide to surrender at any time.

Should the enemy wish to take that step, the terms still are "unconditional surrender" as explained by President Truman to mean (Turn to Page Eleven)

## Lawrence Objects To Party Filings

Harrisburg, July 19.—(AP)—The state elections bureau accepted nomination papers filed by the American labor party nominating John W. Heber Dithrich and John C. Arnold, Republicans, as its candidates for Superior Court.

Director Thomas F. Long said today, because the bureau ruled they were in proper order.

Pittsburgh, July 19.—David L. Lawrence, state Democratic chairman, said the secretary of the commonwealth's acceptance of nomination papers filed by the "American Labor Party," listing judges W. Heber Dithrich and John C. Arnold as its candidates for superior court, was "a flagrant violation of the state election code."

In a letter too State Secretary C. M. Morrison, made public yesterday, rejection of the nomination papers as "illegal."

In duplicate letters to the two superior court judges, Lawrence asked them to withdraw their names "should the secretary of the commonwealth persist in what appears to be a deliberate flouting of the law."

He said the election code provides that candidates for nominations in the primaries cannot file for independent party nominations.

The two judges won the Republican primary nominations. Lawrence said Morrison "violated this provision of the law by accepting the nomination papers in question, knowing that primary nomination petitions in their behalf had already been filed in your office."

## Airmen From E.T.O. Active In Far East

Manila, July 19.—(AP)—American airmen, reinforced by units from Europe, are sweeping Pacific skies from Paramushiro to Borneo and from Yap in the Carolines to the China coast.

Gen. Douglas MacArthur announced today that on Monday the first airmen from the European theater joined far eastern air forces in attacking the Japanese homeland.

Monday's sweep crisscrossed the important southern island of Kyushu as more than 350 planes attacked without encountering any interception or losing a single plane to anti-aircraft fire.

Airstrips, warehouses, locomotives, power plants, factories, bridges and coastal shipping were among the targets of 5th and 7th AAF units which roared in to strike the west coast cities of Miyazaki and Nabeoka; Fuku-shima and Tomitaki on the west and the Kagoshima bay area on the south.

Among the 7th AAF planes in the Kyushu strike was a unit manned by veterans of the Mediterranean theater and led by Col. Joseph R. Holzapfel of Peoria, Ill. They flew new Douglas-built A-26 attack bombers in the first introduction of this plane into major action in this theater.

Holzapfel predicted that the A-26, which he said has the best features of the A-20, B-25 and B-26, would be "one of the most effective airplanes of the war if properly employed, and we are (Turn to Page Eleven)

## Franco to Shake Up His Cabinet

Madrid, July 19.—(AP)—High government informants said today that Generalissimo Franco would announce a new Spanish cabinet tonight, changing virtually every minister.

Names were not announced. It was learned, however, that the slate will include a number of persons known as Don Juan monarchists and civilian spokesmen of the Catholic church of Spain, rather than Falangists.

The new cabinet was said to be designed to bridge what Franco called the "preparative period" between the present regime and the monarchy he has promised to restore. How many months or years Franco expects the new cabinet to serve until a king is enthroned still is vague.

## NIP WARSHIPS IN CHIBA BAY ARE BOMBED

Nimitz Reports Carrier Pilots Attack on Combatant Vessels at Yokosuka Naval Base

## DAMAGE UNESTIMATED

BULLETIN  
Guam, Friday, July 20.—(AP)—A force of more than 600 B-29's, the greatest Superfort fleet ever sent out against Japan, put the torch to four more Nipponese cities early today. The targets included Hitachi, shelled recently by American and British warships, and an oil refinery, the latter blasted with demolition bombs. Striking in the morning darkness, the giant bombers carried a load of nearly 4,000 tons of explosives in the 57th of their incendiary attacks, which have charred 45 cities to date on the Japanese mainland.

By HAMILTON W. FARON  
Guam, July 19.—(AP)—American cruisers and destroyers moved within less than five miles of Tokyo bay's Chiba peninsula and bombarded coastal installations early today after Nimitz carrier pilots heavily attacked Japanese warships discovered inside the bay yesterday.

Adm. Chester W. Nimitz's communiqué today reported the carrier pilots attacked enemy combatant ships of Yokosuka naval base, only 18 miles south of Tokyo, and met "accurate, intense anti-aircraft fire."

That led to the immediate speculation that remnants of the once powerful Japanese navy had been discovered at Yokosuka, but many hours later semi-official information indicated the warships probably were no longer than cruisers.

If that is true, the imperial navy's remnants—possibly ten aircraft carriers, four to six battleships and lesser warships—again may have escaped the wrath of Adm. William F. Halsey, Jr.'s daring Third U. S. Pacific Fleet.

For nine months ever since its crushing defeat off the Philippines Oct. 24-25—remnants of the Japanese navy have been in hiding, consistently declining repeated challenges of both American and British naval forces which ranged almost the length of the some islands.

The cruiser-destroyer bombardment of Nojima cape, only 50 miles south of Tokyo at the eastern entrance to Tokyo bay, carried into the third successive day the naval shelling of Honshu near the enemy capital.

Nimitz's communiqué said bad weather and poor visibility prevented the estimating damage of either new carrier raids yesterday or the shelling, but it did disclose that Tuesday's British and American carrier sweeps destroyed or damaged railroad installations, barracks, hangars, warehouses, lighthouses, radio stations and other ground installations all the way from Tokyo to Matsushima, 200 miles north.

From Washington also came official word that 1,500,000 Japanese have been killed or taken prisoner by American and British forces and 600,000 others have been cut off or by-passed on Pacific islands.

In addition, Generalissimo Chiang Kai-Shek said recently that 1,203,057 Nipponese have been killed and captured in eight years of fighting in China.

## Rain Storms Flood Mines At Pottsville

Pottsville, July 19.—(AP)—Heavy overnight rains forced the closing of 12 collieries employing nearly 4,000 miners in Schuylkill county. An estimated three inches of rain fell from midnight to 8 a. m. Almost seven inches have fallen since Sunday.

George A. Roos, general manager of the Philadelphia and Reading Coal and Iron Company, said closing of three flooded collieries would cut production about 50 per cent and mean a loss of about 10,000 tons a day until water can be pumped out.

The company's closed collieries are Oak Hill, with 500 men idle; Knickerbocker, near Shenandoah, employing about 700; and Otto, near Branchdale, with 300 miners.

Buck Run, Reppiler, Morea and New Boston collieries are expected to remain closed tomorrow, but spokesmen for the others said they hoped to reopen if conditions permit.

Highways in Schuylkill county were reported flooded, with the worst damage at Branchdale and Pine Grove.

FATAL BLAST IN ROME  
Rome, July 19.—(AP)—Nine United States enlisted men and one civilian were killed at Viareggio yesterday by an explosion of German mines stored in a building. Thirty others were injured.

FRUIT AND VEGETABLE DEALERS TO CLOSE UP  
New York, July 19.—(AP)—Nearly 700 fruit and vegetable dealers in Manhattan and the Bronx voted early today to join 1,800 similar merchants in other parts of the city and close their stores in protest against what they called black market conditions.

The shutdown, to begin at midnight Saturday, was voted overwhelmingly at the close of a stormy four-hour meeting of the Alhoro Retail Fruit and Vegetable Merchants' Association.

The company made no immediate comment on Negro's statement.

## Community in Illinois Bans Shorts for Women

Vandalia, Ill., July 19.—(AP)—Another Illinois community has placed a ban on shorts for women—and also issued a rule relating to men's dress.

The city council has ruled against women over 18 wearing shorts on the city streets and also decided that men will not be allowed to go around without shirts. An ordinance provides fines for persons who appear in public improperly dressed, councilmen said.

Decatur, Ill., also has a ban on women wearing shorts.

## Disputes Keep 56,000 Idle In the Nation

By the Associated Press  
The nation's idle over labor disputes, around the 40,000 mark for the past few days, shot up past 56,000 today as 200 lumber yards in the Detroit area closed, idling 14,000 workers.

Meanwhile, in a move to avert another strike, President Truman today directed Petroleum Administration to take over and operate the Sinclair Rubber Company plant at Houston, Texas.

The president, in his executive order, asserted an "immediate emergency" had been raised by a strike vote taken Monday by members of the CIO Oil Workers International Union Local.

The workers, who voted 361 to 129 to strike, produce butadiene for making synthetic rubber.

The yard in Wayne, (Detroit) Oakland Macomb counties were closed by owners today in what Howard T. McLees, secretary of the Detroit District Lumber Dealers Association called "management's strike against their employees."

Affected by the closing were 4,000 employees and 10,000 carpenters, McLees said.

For the last seven weeks 700 AFL employees of five lumber companies have been on strike, in a dispute over a new contract, including the closed shop.

The newest outbreak of trouble on the Detroit labor front boosted the number of idle in the motor city and nearby communities to (Turn to Page Eleven)

## POLISH ELECTIONS ISSUE CLEARED UP

Washington, July 19.—(AP)—Assurance that the United States will insist on equal participation in any big power supervision of the proposed elections in Poland was received by Senator Vandenberg (R-Mich) today from the state department.

The senator made public a letter from Undersecretary Joseph C. Grew saying this government does not consider its responsibility, under the Yalta agreement, to have been discharged by creation of the provisional Polish government.

In the letter Grew said President Truman had established diplomatic relations with the provisional government and chosen Arthur Bliss Lane as Ambassador.

## BACK-TO-WORK ORDER TERMED UNAMERICAN

Schenley, July 17.—(AP)—Dimitrie Nigro, president of the CIO United Distillery Workers Local 3, today termed a back-to-work ultimatum issued by Joseph S. Finch and Company "un-American and something like Hitler would do."

The company said yesterday unless its 2,200 employees involved in a work stoppage returned to their jobs by midnight tonight, it would consider them as having "terminated their employment" and their seniority and pension benefits would be cancelled.

The company is trying to threaten the employees, Nigro told a reporter as he called a meeting of the union's executive board at Leechburg.

The company made no immediate comment on Nigro's statement.

NEW YORK, July 19.—(AP)—Nearly 700 fruit and vegetable dealers in Manhattan and the Bronx voted early today to join 1,800 similar merchants in other parts of the city and close their stores in protest against what they called black market conditions.

The shutdown, to begin at midnight Saturday, was voted overwhelmingly at the close of a stormy four-hour meeting of the Alhoro Retail Fruit and Vegetable Merchants' Association.

The company made no immediate comment on Negro's statement.

## 50,000 DEPTH CHARGES ARE IN PATH OF FLAMES WHICH ARE RAGING BEYOND CONTROL

Streets of Two Cities In Nova Scotia Are Littered With Shattered Glass From Hundreds of Windows Smashed by Explosions

## BLAZE SENDS PILLARS OF FIRE 150 FEET IN AIR

Halifax, N. S., July 19.—(AP)—Canadian navy munitions set off by a jetty fire rocked the Halifax area overnight with four huge explosions and a series of lesser discharges which ended only after dawn today.

Damaging and crippling blasts persisted for more than 13 hours at the depot, in nearby Dartmouth. One was felt in Saint John, N. B., 125 miles away.

Fear had been expressed that the main magazine, containing 50,000 depth charges, would go up, but the explosions dwindled and the flames died down this morning. A dull thud about 8 a. m. appeared to be the last of the series.

There were 13 known casualties, twelve persons were injured and one was missing.

The whole civilian population of Dartmouth, approximately 17,000 persons, and others living in the north end of Halifax were evacuated on official orders.

Fireworks dotted the sky. Window glass was shattered. Buildings were rocked on their foundations.

The streets of both Halifax and Dartmouth were littered with shattered glass from hundreds of windows smashed by four terrific explosions which rocked the foundations of every building for miles round last night and this morning. The rhythmic thud of lesser detonations punctuated the air at dawn.

The great blaze, sending awesome pillars of fire 150 feet into the air and spraying rockets and brilliant flames over the Bedford basin area, threatened momentarily to touch off the main magazine in the naval armament depot.

The fire raged beyond control as the blasts strewn wreckage over Halifax and Dartmouth and shook buildings miles away.

The total number of casualties still was uncertain. A Canadian naval officer said he believed no one in the immediate vicinity of the first terrific detonation could have survived. There were no figures available on the number working in the magazine at the time.

About 10,000 persons had been evacuated from the danger area after the first of the major detonations at 6:35 p. m. (5:35 p. m., Eastern War Time).

From that time until after midnight blasts of varying degrees of intensity continued to rock the area of the naval depot. At 12:20 a. m. came another explosion, even greater than the first major blast.

As the flames swept steadily toward the main magazine fireboats were rushed to the scene, but were withdrawn when it was determined that the blaze was uncontrollable.

Flames were leaping 150 feet in the air (Turn to Page Eleven)

State Continues To Induct Fathers

Philadelphia, July 19.—(AP)—Pennsylvania will continue to induct fathers into the armed services in accordance with the National Selective Service, Col. John McEl Smith, state director, said today.

He made his statement after Col. Arthur V. McDermott, selective service director in New York City, banned induction of fathers, with the exception of volunteers, parole cases, delinquents and job-jumpers.

"Pennsylvania contemplates no change," Colonel Smith said. "As a matter of practical operating fact, very few fathers actually are being inducted in Pennsylvania."

A selective service spokesman said drafting of fathers 30 years of age and over has been virtually halted while only a few in the 25 through 29 age bracket are being taken.

Mr. and Mrs. Ed Williams, of Garland, have been advised in a telegram from the War Department that their only child, Pfc. Ellis Edward Williams, lost his life by drowning in Germany on July 4. The brief message would follow a letter of explanation information low but no additional information has as yet been received by his family.

Pfc. Williams was born in Corry, May 13, 1921, attended Garland grade school and studied for two years at Youngsville High School. He was employed by the Pennsylvania Railroad Company before entering service on January 7, 1943.

Following training at Camp Barclay, Texas; Camp Crowder, Mo.;

Camp Wolters, Texas, and in California, he went overseas a year ago this month. First stationed in England with a medical corps, he was engaged in evacuation of wounded soldiers by plane from Germany to Scotland. Later he was sent to France and then to Germany.

He had written home that he had two battle stars on his European theatre campaign ribbon but did not specify the engagements thus signified. His last message home was a letter written on July 2. His death represents the first gold star for this section of Pittsburgh township.

Besides his parents, he leaves a cousin, Myrtle Davis, who makes her home with the Williams family.

Garland Soldier Loses Life By Drowning In Germany

## 18 Counties Over Top In Paper Collections

Harrisburg, July 19.—(AP)—Eighteen counties containing 56 per cent of the state's population went over the top in the waste paper drive for the first six months of 1945. Colley S. Baker, executive secretary of the State Salvage Committee, announced today—but none of the other 49 counties achieved their quotas.

Pennsylvania collected 406,763 tons, he said. That amounted to 82.2 pounds per capita. Each county's goal was 79 pounds.

## Swimming Is Curtailed At Scout Camp

Some 120 Boy Scouts and their leaders at Camp Olmstead were deprived of waterfront activities during the week because high water washed out the dock and made it impossible for either swimming or boating. The waterfront program will probably be renewed today, the docks having been put back in shape.

Most of the campers are quite disappointed due to the rainy weather, although inside activities have kept the Scouts active most

of the time. Passing tests for advancement and applying for merit badge awards has received the most attention and bridge-building hiking, and many other activities have kept the boys busy out-of-doors when the weather conditions permit.

Last night, they held campfire at which time awards were distributed and scout songs were sung.

Among the newest improvements at the camp is the addition of a separate administration building, where Chester Seymour and his staff are located. Jay White has charge of waterfront activities and Don White is in charge of the commissary. Some 23 persons make up the staff of advisors and counselors for the scouts.

The camp will be completed on August 11, when the last troops will leave.

## Inventory Of Shoe Stores To Be Complete

Orders have been issued from the Erie OPA office by Charles W. Webb by which the first complete inventory of the area's shoe stores will be made at the close of business July 31. The district inventory will be a part of the national round up of the shoe supply of the nation.

Dealers, according to Mr. Webb, will get forms next week from the Regional Office in New York City. The inventory will require the actual count of shoes on hand, by types and in some cases by range prices.

Three previous inventories taken since the start of rationing were limited to rationed shoes only. This year's count, authorities believe, will result in a more realistic picture of the country's footwear supplies, particularly in view of the emphasis now being placed on non-rationed shoes to supplement rationed stocks.

The annual inventory is essential to the OPA and other agencies concerned with securing adequate production and fair distribution, and is of value to the trade, also, officials said.

## New Queen of the Skyways Nears Completion

The first picture of the hull of a new queen of the skyways, expected to be completed in January, is shown above. She is the Hughes Hercules, an all-wood cargo seaplane which, builders say, will carry 750 fully-equipped soldiers non-stop from Honolulu to Tokyo. Essential facts: hull 30 feet long, 30 feet high, 25 feet wide; wingspread 320 feet; gross weight, more than 200 tons; powered with eight 3000-horsepower engines; take-off distance more than a mile.

## Many Significant Facts Are Revealed In Annual Report Of Warren Public Library

The annual report of the public library presented to the Warren Library Association at the yearly meeting last week reveals significant facts and some of the problems faced in efforts to fill acute needs under difficulties. A summary of the report will give some conception of the past year's accomplishments and future needs.

The report calls attention to the fact that the end of the war in Europe will gradually result in more leisure time; and, with the war's end, changes will come, definitely affecting the library. Circulation will increase and demands upon all other types of service will be presented.

The realization of what public libraries mean to our civilization is mirrored even in a Nazi periodical. To quote: "In every second American family, there is at least one reader who uses the public library regularly. . . . One cannot easily imagine what great opportunities . . . result from this fact . . . making it one of the most powerful educational instruments in the country, an intellectual force which occupies a foremost place in the struggle for the shaping of public opinion."

Both adult education and the enlightenment of public opinion are emphasized in the report. The statement is made: "In order to achieve such an end we must be ever alert to the changes rapidly taking place about us, to anticipate them if possible, and to place on our shelves the best books available on each subject." Stress is also laid on contact with the reader.

This past year shows an increase in circulation of 9,277 volumes over the previous year, with a total of 153,476. The increase is in the volumes sent to grade school stations. In the adult department 24,397 of 65,699 loans were to the schools; in the juvenile department, 72,730 of the 87,777 total were school loans.

There are now 8,570 registered borrowers' cards in the library files. 8,071 are borough residents; 131, county residents and 368 hold student privileges. 57.1 per cent of Warren's population are public library card holders.

County residents who hold a dollar a year card, are now permitted four instead of two books on a card. There has been an increase in county borrower interest and requests for county library service.

The total number of books in the library collection at present is 64,206 volumes. Additions last year totaled 2,183, a decrease of 204 from last year. 701 books and 74

periodicals were presented, 1,058 were discarded or lost.

During the year \$2,050.20 was spent for books, \$803.48 in the adult department; \$316.19 to the juvenile; and \$930.53 for the schools.

Weeding the shelves was completed and 2,210 volumes transferred to the Struthers Library. The library's annual growth will occupy at least 189 feet of shelving. The question of adequate space to accommodate this recurring accumulation is a project for the future.

The generous gift of Mr. Harold Putnam, has paid for the reconditioning of 17 volumes of the Warren Ledger and Warren Mail, greatly prolonging their usefulness. Mr. Ernest Miller has presented the library with 151 volumes on the history of oil, forming the basis of a special petroleum collection.

The Memorial Book Collection has grown considerably since it was started ten years ago. Three books were given the first year. In the past year \$448.30 has been presented for the purchase of 206 books.

In the process of preparing new books for the shelves, 9,836 cards were made in the cataloging department and 2,446 books prepared for circulation in the Repair Department. 3,934 cards were withdrawn from the catalog, 3,954 books were mended; 5,183 marked and 945 discarded.

All school collections were checked at mid-term and at the end of the school year for reconditioning. In October Miss Miriam Richardson of the Repair Department spent several days in the Buffalo public library learning a process which saves the library annually many dollars in binding bills.

In the past year, the library joined the Duplicate Exchange Union, an organization of about 80 libraries that sends to other members lists of duplicate books and magazines. To date the library has received 658 periodicals at an average cost of less than one and one half cents, and has derived \$170 from the sales of duplicates.

The work of the advisory and reference department, with adults and high school young people, has continued along the customary lines. A record is being made of interests and needs for a post-war program, and book buying is being done with those needs in mind.

The continuous session at the Beatty and High schools has resulted in inadequate contact with out-of-town students attending the

Warren schools. No satisfactory plan has yet been worked out to supply their reading needs.

Library instruction was as usual given to freshmen, 6,111 volumes were loaned to the high school and 3,968 placed in grade school collections. 253 new titles were purchased for the high school and 430 for the grade schools.

Large attendance at the story hours at the library made it necessary to divide them into two age group periods. Pre-school story and picture book hours and mothers' groups were very successfully started.

Reading games, which maintain the children's contact with the library during the vacation months are being held as usual. Summer stations at Home, Lacy, and McClintock buildings have again been opened.

With the steadily growing increase in juvenile library interest, the public library's most acute need at present is a trained children's librarian. It is hoped that one may soon be secured again.

During the past year the library lost a faithful custodian, on April 8th, in the death of John E. Johnson. Unsparing of his energy, he will long be remembered for his active and willing service. His work in the Struthers Building is being performed by William J. Baxter, former superintendent of the Warren Borough Schools, and Henry Jacobson has been engaged for evening duty at the main library on Market street.

There have been no other losses in staff personnel. One addition to the staff for part-time service is Dora Messner.

One member of the Association who will be especially missed is Dr. Michael V. Ball, whose absence was noted by the president of the board at the annual meeting. Dr. Ball was consistent and keen in his interest in the library until the tie of his death and rarely missed an association meeting.

The public library wishes to acknowledge the interest and support of all of those who have contributed in any way during the past year.

## Police Car Aids Sir Stork During Night

The prowl car of the Police Department found time during last night to play first aid to Sir Stork in getting an expectant mother to the Maternity Hospital. It was during the early morning hours that a telephone call came to headquarters that an expectant mother had to get to the hospital and the officers volunteered to use the car to rush her there.

One of the officers while on patrol sniffed an odor of gasoline and found that a parked car was dripping the precious fluid to the pavement. The owner was roused from bed in a local hotel and the feed line was found to be broken. It was given temporary repairs and the owner went back to bed.

Two drunks were brought to the station during the night and given quarters in the cell room. A bicycle owned by the Gaughn Drug Store and used for delivery purposes was found during the night. It had been stolen some days ago.

## McKinney Laid To Rest Today At Youngsville

At 2 o'clock this afternoon from the home of F. B. McKinney, at Youngsville funeral services were held for Wendell McKinney, well known and popular young man who met death Monday evening. The services were private and were conducted by the Rev. Nore Gustafson, of Warren. However during the past two days scores of friends of the young man had called at the home and the floral offerings were profuse and beautiful.

Interment was made in the Youngsville cemetery with the following acting as bearers: Andy Natale, Richard Geierich, Lyle Freeborough, Fred Aumer, Nick Creola and Emmy Morrison. All had been close associates of the young man at his work and in baseball to which he was much devoted as a follower and player.

## Wie Gehts, Fraulein?

Maybe "Wie gehts, Fraulein?" isn't a literal translation of "Hiya, Babe?", but the German girl in the picture gets the general idea. Yank officers couldn't even extend this greeting until the fraternization ban was lifted, but it's okay now. The boys are checking their dictionaries for the right words.

## LUDLOW

Ludlow, July 16—Morning services were held in Moriah Lutheran at eleven o'clock on Sunday with the sermon text "Christian Experiences" given by the Rev. Hans Pearson. The anthem was "Beautiful Saviour."

Vesper services were held in the Covenant Mission with the Rev. Wilbur Nylund of Kane giving the service.

The Martha Society was hostess to the Bethany Daughters of Sheffield at the shelter-house in Wildcat Park on Thursday afternoon with ninety-six people present, forty-three from Sheffield. Mrs. C. J. Carlson, president, opened the meeting and a Scripture reading and prayer was given by Rev. Pearson. The program followed:

Vocal Duet—Mrs. Anna Bergquist of Ludlow and Mrs. Mollie Mattison of Bradford.

Women's Quartet from Sheffield—Miss Josephine Benson, Mrs. Wilda Blodgett, Miss Eunice Burlingame, and Miss Doris Moore.

Reading—Mrs. Oscar Harrod of Sheffield.

Women's Quartet from Sheffield—Mrs. Oscar Gustafson, Mrs. Wagner Cederlof, Mrs. Lawrence Ragner, and Mrs. Melvin Suter.

Reading—Mrs. Charles Hanson.

Vocal Duet—Mrs. Anna Bergquist and Mrs. Mollie Mattison.

Vocal Duet—The Little Nylund daughter and a friend.

Refreshments were served at the close of the meeting.

COMUNITY

The Community Auxiliary met on Monday evening at the DeForest pavilion when all the members helped to home-clean the pavilion. There was a splendid attendance. The business meeting was conducted by the president, Mrs. George W. Olmsted, after which refreshments were served by the following: Chairman, Mrs. Karl E. Olson, Mrs. Algot Swanson, Mrs. Benjamin Peterson, Mrs. Ernest Swanson.

Reading—E. W. Johnson.

Piano Solo—Mrs. Enoch Nelson.

Reading—E. O. Nelson.

Piano Solo—Robert Johnson.

Vocal Solo—Mrs. Emil Nelson.

Several guests were present. At the close of the meeting, lunch was served by Mrs. Johnson.

The Ladies' Aid of the Covenant Mission was entertained Wednesday evening at the church by Mr. Charles Hanson with Mrs. Wm. Hanson and Mrs. Gust Anderson as the hostesses. The following people appeared on the program:

Vocal Solo—Mrs. Wilbur Nylund of Kane.

Reading—Mrs. Charles Hanson.

Vocal Duet—Mrs. Anna Bergquist and Mrs. Mollie Mattison.

Vocal Duet—The Little Nylund daughter and a friend.

Refreshments were served at the close of the meeting.

## Warren Girls Pick Cherries And Report Plenty of Fun

Sixty-four girls from Warren county left Warren Sunday afternoon for McCord's Camp near North East to help the cherry growers pick their crop of sour cherries. They arrived at the camp at five o'clock, and after registration and assignment to cabins, were given a fine supper was shown to the girls by Lee Bull, assistant to the county agent in Erie. The girls were shown how to work on their ladders, how to speed up their picking, and how to ride safely on the trucks, that would transport them to their orchards. The supervisors and growers are especially anxious to avoid accidents of any kind.

The camp reporter sends in the following check of activities:

The girls made a very fine showing on their first day out, and the four growers, Mr. McCord, Mr. Bemiss, Mr. Semelke, and Mr. Page were well pleased with both the work and behavior of the girls assigned to them. No girl earned less than \$2.25 for the day, and three young pickers made \$6.25 each. The girls in Mr. Page's orchard are picking currants for two days, but will go into the cherry orchard on Wednesday. These girls were promised a special treat by Mr. Page for helping him out on this crop.

The girls are a very enthusiastic group and after each day's work a program of fun and play has been prepared for them. Monday as each group returned from the orchard where they had been picking, bathing suits were donned and the girls went swimming. They were under the careful supervision of Miss Patty Coe. After the evening meal some of the girls played mush ball. Later all gathered around a camp fire, and songs were sung. A few of the girls,

with a supervisor, went through Mr. McCord's orchard looking for angle worms which they plan to use for fishing tonight. We are hoping they really make a good catch, although this extra food is not needed for the girls are well fed. Two very cooperative cooks are at the camp and cherry pie is on the menu for the evening meal with a generous helping of ice cream on top.

So far, no one has had time to get homesick, and the camp staff have enough activities planned ahead to keep the girls interested and busy.

The girls have been divided into three cabin groups, as follows:

Cabin One—Nancy Jean Anderson, Barbara Bean, Carol Bogart, Elaine Dally, Adele Erickson, Betty Gustafson, Donna Henry, Marian Henry, Lois Holcomb, Marcia Johnson, Marilyn Johnson, Bonell Jones, Jean Jones, Charlotte Jordan, Hazel Kays, Ruth Osterman, Gloria Phillips, Elaine Pierce, Louise Rockwell, Bonnie Schneider, Jeanne Smith and Ann Tingwall.

Cabin Two—Patty Almendinger, Donna Daugherty, Edith Fitch, Beverly Jane Hanna, Mariann Heiman, Nancy Hesch, Mary Beth Lindholm, Dolores Massa, Carol Nelson, Nora Park, Jean Peterson, Pauline Pittman, Joan Shriver, Martha Jean Ross, Gretchen Radspinner, Ann Saylor, Beverly Simmons, Nancy Swanson, Helen Walker, Meredythe Warner, Virginia Wood and Peg Zobrest.

Cabin Three—Carol Baxter, Ruth Bengtson, Lois Callard, Joan Cameron, Barbara J. Cochran, Ruth Davis, Marian Edress, Mary Alice Fischer, Alberta Gillett, Bertha Gustafson, Mary Hanna, Betty Lauffenberger, Dorra Messner, Lois Peterson, Janie Tritt, Jeanne Way, Mary Wendelboe and Martha Winans.

where he will spend the summer. Mrs. Gunardson arrived earlier in the summer while Mr. Gunardson visited relatives in Minnesota.

Mr. and Mrs. E. W. Johnson and family spent several days in Warren at the home of Mr. and Mrs. Edward Erickson of Warren. Mrs. Erickson is a guest for a few days at the Johnson home.

Mr. and Mrs. James Totman and children of Pittsburgh spent the weekend at the homes of Mr. and Mrs. Aaron Olsen and Mr. and Mrs. John G. Johnson.

Mr. and Mrs. Lewis Watson have bought the Sid Calvert home and expect to move in soon. Calverts have bought a home in Pleasantville and expect to move in there.

The 4th annual Birchard Morrison family reunion was held Sunday the 15th at the home of Mr. and Mrs. Mark Lamb, there was 25 in attendance. Dinner was served on the lawn at noon, meeting held and officers were elected and plans made to meet the same place in 1946. Those present were from Tidouite, Warren, Clarendon and Torpedo.

Mr. and Mrs. Robert Emerson spent a week visiting with Mrs. Emerson's sister and family in Buffalo, N. Y. Mr. and Mrs. Eugene Monroe.

Mrs. G. B. Whitcomb and Mrs. Clark Beers were business callers in Warren Monday.

Miss Minnie Kerr spent last Thursday with Mrs. H. J. Eaton and family at Warren.

Mr. and Mrs. Wilfred Rockow and two sons Robert and Dale spent Sunday at North East picking cherries.

Pvt. Herbert Persing is spending a 12 day furlough with his wife and parents. He has to report at Camp Hood, Texas, July 27th.

Mrs. Allan Drake and children of Sunset Heights were dinner guests of Mr. and Mrs. Harry Drake Sunday, July 15.

Mr. and Mrs. George Scheuf and children of Thompson Mills were callers at the Harry Drake home Sunday evening.

Mrs. Joe Hettrick and Mrs. Allan Gustafson of Titusville held a birthday party for their aunt, Mrs. Zenobia Chappel at the home of the latter. Invited guests were Mrs. Ferguson, Mrs. Wilson, Mrs. John Haehn, Mrs. Bruce Boyd, Miss Jean Hettrick and Miss Eleanor Gustafson of Titusville. Mrs. J. C. Walters of Goodwill Hill and Mrs. Clark Beers of Grand Valley. A nice lunch featured a lovely birthday cake and was served and the game of 100 was played.

Mr. and Mrs. Clark Beers were Sunday guests of their daughter and husband, Mr. and Mrs. Lester Cook.

Mr. and Mrs. Carl Erickson and son, John, of Erie and Signalman 2/c Carl F. Erickson of the Coast Guard left on Tuesday after having visited for several days at the home of Mr. John Davis.

Mr. and Mrs. Carl Carlson and sons of Olean are spending their vacation at the home of Mrs. Otto Carlson.

Mrs. A. L. Larson and Miss Edith Larson were guests at the baptism of the infant daughter of Mr. and Mrs. Lavern Mathis of Warren.

Mr. Wm. Gunderson of Brooklyn, N. Y., arrived on Tuesday at the home of Mrs. Adolph Swanson.

Notice is hereby given that an application will be made to the Court of Common Pleas of Warren County on July 24, 1945 at 10 o'clock in the forenoon, E. W. T. under the provisions of the non-profit corporation law of Pennsylvania for the charter of an intended corporation to be called "GROSS CEMETERY ASSOCIATION," the purpose of which is maintaining and improving that certain cemetery in the Township of Corwango, Warren County, Pennsylvania, known as Gross Cemetery and of disposing of lots therein for the burial of the dead. The proposed Articles of Incorporation have been filed in the office of the Prothonotary of said Court and are open to the inspection of the public during the business hours of said office until the date fixed for said application.

## YOUNGVILLE NEWS

Youngville, July 17—Mrs. Ruby Ransom was hostess Monday evening at the Ransom cottage at Irvine Run to the ladies of the Business and Professional Women's Club.

Outdoor sport preceded a delicious luncheon on the porch of the cottage. Those present enjoyed this informal get together and appreciated all efforts made to make the summer outings pleasant affairs.

Mr. and Mrs. George Peterson have returned from a trip which included a visit with Mrs. Peterson's brother, Carl Lawson, at Utica, N. Y., and a visit with friends in Buffalo and Niagara Falls.

Weekend guests of Mr. and Mrs. Stanley Desher were Mr. and Mrs. F. L. Frost and son, of Centerville. Miss Virginia Frost, C. N., Mr. and Mrs. Wilbur Dahl and two daughters of Oil City, Mr. and Mrs. L. Neeley and two children, of Elmton.

Miss Frances Russell, of Cleveland, spent the weekend with her parents, Mr. and Mrs. Wolfe, Bates street.

One of our former residents, Miss Evelyn Oviatt, is visiting relatives and friends in town.

Mrs. Ray Bidwell, of Newport, R. I., accompanied by her sister from Tennessee, paid a brief visit to Mr. and Mrs. Ed Finlan. Mr. and Mrs. Bidwell were former Youngville residents. Mrs. Bidwell and sister are also visiting in Warren.

## GRAND VALLEY

Grand Valley, July 17—Fred Holcomb and wife have been spending his furlough with his parents, Mr. and Mrs. Marshall Holcomb, on Tuesday he leaves for Jacksonville, Fla. His wife will join him as soon as he gets stationed.

Mr. and Mrs. Ralph Clark left last Saturday to make their home in Corry for the present.

Mr. and Mrs. Lewis Watson have bought the Sid Calvert home and expect to move in soon. Calverts have bought a home in Pleasantville and expect to move in there.

The 4th annual Birchard Morrison family reunion was held Sunday the 15th at the home of Mr. and Mrs. Mark Lamb, there was 25 in attendance. ## RIVERSIDES didn't come on my car I CHOSE THEM

38,621,055 TIMES

the choice was RIVERSIDES

Yes, a grand total of more than 38 million Wards Riverside Tires have been sold! And every last one of them was a "replacement" sale! Millions of car-owners have chosen Riversides deliberately in preference to all other well-known makes of tires! Why? For the same reason that makes so many car-owners switch to Riversides today!

Miles-of-Safety ON RIVERSIDES

Today . . . Riversides are actually stronger than Wards pre-war tires! And here's why—Each individual cord is stronger to begin with; then, chemically-strengthened to stay stronger longer! Cords are next liquid-dipped ("welded" together), then cushioned in rubber! Finally, the plies are cemented together before vulcanizing to provide greater protection against separation and blowouts!

### PROSPECTS OF INVASION

The fierce aerial bombardments which Admiral (Bull) Halsey's carrier-based warplanes have administered to Japan has led the Tokyo radio commentators to speculate whether this is the curtain-raiser for invasion.

Well, in the opinion of DeWitt MacKenzie, Associated Press foreign affairs analyst, it could be, but the signs are that (barring some unexpected development) the mikado's mother islands will undergo an awful softening up before we send our gallant troops up onto the beaches of Japan's serrated and strongly defended coast. Undoubtedly the little men of Nippon would like to see us strike now, before bombs have anesthetized their homeland.

However, the Allied command is under no enemy pressure in the Pacific and may be expected to proceed methodically in carrying out its program. That contemplates the blasting of Japan with continuous air raids until she is thoroughly off balance and numbed. Then we shall invade. That is, we shall invade unless the mikado's government is smart enough to surrender before then and so save the country useless death and destruction.

How long will it take to reduce the main islands to the point where we can carry out amphibious invasions without undue casualties? That's a matter of pure speculation, of course, but it's safe to say we can do it much more expeditiously than in the case of Germany, and we have the testimony of German Field Marshals Kesselring and von Rundstedt that Allied bombing was the chief factor in the collapse of the fatherland. There are military experts who believe we could knock Japan out completely by bombing, but that remains to be demonstrated and can't be assumed at this juncture by any means.

Many observers have the feeling that the bombing of Japan may continue for several months as a preliminary to invasion—always making allowance for some fortuitous circumstance which would invite an earlier landing on the Japanese mainland. However, by October we should have a good idea of how things stand.

### ANOTHER ALPHABETICAL AGENCY

This is a feeble protest and a minority report. It won't get anywhere because the craze for alphabetization, born of the New Deal, has gone too far to be stopped now. So it's a cinch that the new United Nations Organization is going to be known as UNO.

UNO, unlike WPB and RFC, can easily be pronounced as a word, or rather, two words. As such the letters have a suggestion of the shrugged shoulder and the raised eyebrow. Furthermore, they'll be certain to give rise to some horrible puns.

To our Spanish-speaking neighbors to the south, of course, UNO means "one." For them the initials might have a nice symbolism—if a little confusing—except that since their word order differs from the English, the initials don't come out UNO in Spanish, anyway.

The League of Nations may not have been a howling success, but at least nobody ever called it LON. That, however, was in the dear, dead days. Today we don't have time to stop and speak the full title of even so fatefully important a council as the United Nations Organization.

So UNO it probably will be. We don't intend to fight the trend. In fact, there will probably come a day when space and time are both short, and UNO will appear in these columns. Just the same, though, we don't have to like it.

A full evening of varied entertainment for young and old is planned at the community recreation party to be held Friday on the Beaty school premises from four o'clock and until midnight. The best inducement to urge attendance at the event is to call attention to the detailed account of the program carried on another page of this issue.

Better start harvesting weeds on your vacant lot unless you want to pay for something that is absolutely good for nothing.

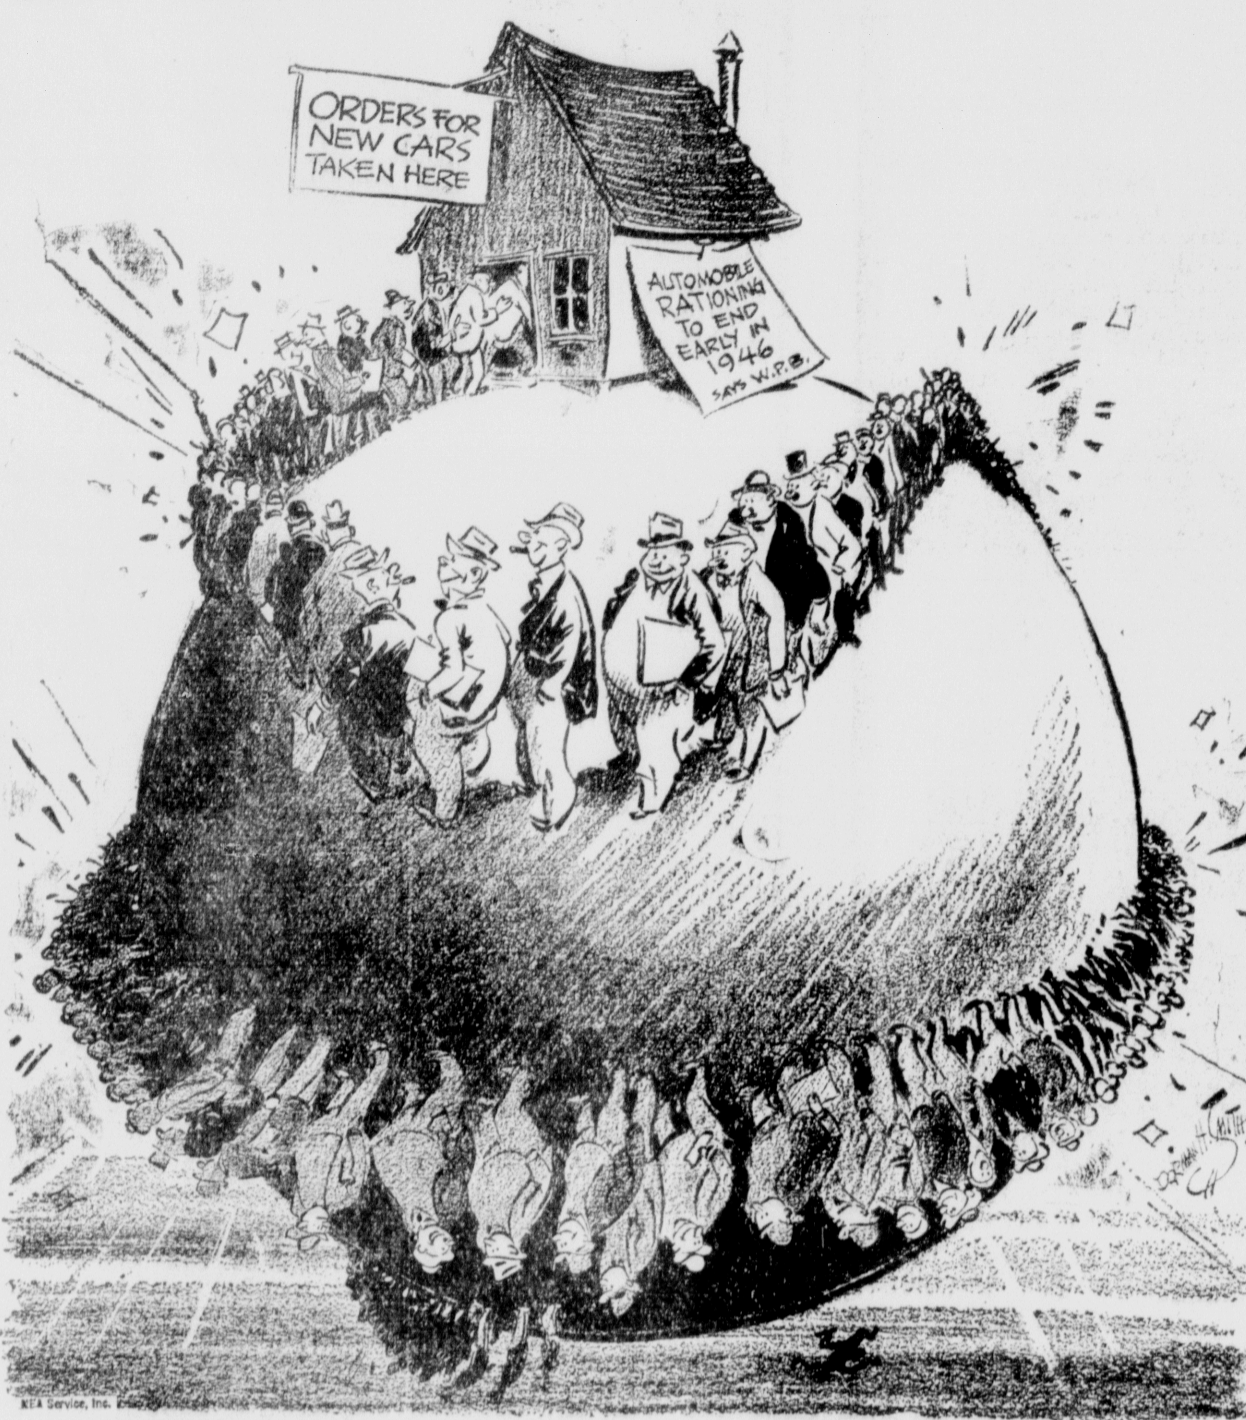

The St. Swithin legend is still batting one hundred per cent.

### A. P. Correspondent Says Fish Menus Saved Norway

By BARBARA WACE

(Subbing for Hal Boyle).

Oslo, Norway — (AP)—Nobody gages for coffee in Norway; newspapers tell parents to forbid children to ask "any gum chum?" But food is tighter and store shelves emptier than anywhere else I have been in northern Europe.

Bronzed by the sun and full of happiness, Norwegians at first sight seem to belie the scanty rations of the last five years, but official reports state that the average loss of weight has been over 12 pounds per person.

Fish has saved Norway. But an unrelieved fish diet, even for ten days which was all I was on, can be monotonous and not very filling. We had salmon and mackerel and trout which the Germans had kept for themselves, for five years the average Norwegian has subsisted on a diet of endless cod, and herrings—dried, salt, fried, boiled steamed, pressed and soaked in cod liver oil. But always herrings. Even the bones are made into a kind of meal and sold for housewives to convert into cakes and mush.

Breakfast and supper are exactly the same in Norway today. Cold fish, herring, cod, rollmops, and a little black bread. For lunch there will be hot fish or sorts if possible. When fish is in short supply, the Norwegians eat potatoes, the only vegetable to grow universally in the thin soil of that rocky country.

It is hard to make a "victory garden" on a bare mountain side, or under fir trees. Long winters lasting into May have left the Norwegian housewife without green vegetables throughout most of the year.

Besides fish, the civil population owes much to Denmark and Sweden, parcels from these countries, especially during the last two years, have been of priceless in keeping up the health of the children. Danish and Swedish soup, provided to school children every day during the term, are largely responsible for the relative good health of the younger generation.

Farmers, as elsewhere in liberated Europe, have had the best time. Many of them sold for high prices to the Germans. Many others, more patriotic, held back from the Germans and were able to barter with their neighbors and townspeople for commodities they lacked—clothes, hardware and so on.

In a farmhouse near Lillehammer, I ate as many fresh eggs as I wanted, butter, cream, milk, and famous Norwegian cheeses—Prestost, ghetast, and prime, none of which had been seen in the cities for years.

Since the liberation, the food supply has steadily improved.

There is more fish, and better quality. There is more butter from Denmark. Certain civil affairs supplies have arrived. This week there was an issue of English biscuits. Above all, food coupons are being honored immediately, which seldom was the case during German occupation.

Absolutely no meat is obtainable in restaurants. Most Norwegians have not touched meat for six months at least. They averaged two rations of meat a year during the occupation.

There is no tea. The coffee, made of dried beans and peas, is impossible to describe.

### Postmaster Interviewer For Marines

Young men of Warren and vicinity, with aspirations to become a United States Marine, may now obtain information from Postmaster Bell, who has been appointed a Marine Corps Recruiting Aide, as announced today by Captain Edwin R. Brecher, district Marine Corps recruiting officer.

Postmaster Bell stated today that the Marine Corps will accept youths who are 17 years old upon the standards of the National Selective Service Act.

Eligible applicants between 17 and 18 who volunteer, will receive at least six months' training before being transferred to combat units. Their enlistments may be in either the Marine Regular or Reserve Corps.

It was explained by the postmaster that applicants are required to furnish a copy of their birth certificate or other form proving date of birth, in addition to a written consent from their parents.

Marine Corps offices located in Erie, Buffalo, Rochester, and Syracuse are open daily, except Sunday, to assist applicants on this newly announced program.

### Bonds Over America

GOV. JOHN WINTHROP, JR.

Having secured from Charles II a royal charter for Connecticut, founded New London and served as governor for 18 years, John Winthrop, Jr., admirably perpetuated his name in New England. He mortgaged Fisher's Island, off the shore of Connecticut to pay his expenses to England where he persuaded the king to sign the charter that gave the colonists freedom to govern themselves. How Governor Winthrop battled for that charter and Joseph Wadsworth hid it in the famous Charter Oak is one of the sparkling legends of America's content and zealous defense of its hard-won freedom. The same spirit inspires our liberal buying of War Bonds today. U.S. Treasury Department

Japan's legislative body, the Imperial Diet, has 404 members, divided into the House of Peers, whose members are men of wealth or distinction, and an elected House of Representatives.

The organ pipes that are visible are usually dummies because the real pipes, made in a variety of sizes and shapes are too unsightly to be seen by people in churches, theaters, etc.

### Washington In Wartime

By JACK STINNETT

WASHINGTON — Rep. Butler B. Hare, veteran Democratic member of the House from Saluda, S. C., has two sons in the Navy.

He knows the veterans of this war and their postwar problems. As a result he has come up with and is urging on his colleagues what some believe would certainly develop into an important phase of finding work for returning veterans.

"The thought so far," says Rep. Hare, "has been that the problem will be to find employment in existing agencies (or businesses) for a considerable number, and then it will be necessary for the government to inaugurate construction or building programs of different types in order to accommodate the remainder."

"I really do not see much opportunity to place many returning veterans in existing establishments, occupations or industries. Most of these activities, except agriculture, are now employing the maximum and there will be some war industries wholly discontinued, and there will be the necessity of finding reemployment for the people now there employed."

"My thought is that instead of the government creating jobs for temporary employment, attention should be given to the idea of assisting veterans to create their own jobs, jobs that will become going and permanent places of employment," Hare says.

In a canvass of his own district Rep. Hare discovered what may be surprising to some: that there was hardly a community that couldn't support from one to

many businesses that don't exist in those communities now. The conclusions weren't based on wishful thinking of the communities either. They were the opinions of men who have been successful in those towns and know what the residents want and how well they will pay to get the services they need.

As an example, Rep. Hare found one town of between 2,500 and 3,000 population which reported that it could support a bakery, a laundry, a watchmaker, a furniture plant, a garment factory, and a dressmaker's shop—none of which it now has.

As is apparent, most of these would employ more than one person and on a permanent basis, while the "made-work" plan of government projects can at best be only a stop-gap for unemployment unless federal construction, with funds from the national treasury, is perpetuated indefinitely.

USING his own district as a fair cross-section, Rep. Hare believes that there are tens of thousands of such business opportunities in the country and that all that will be necessary will be to advertise them to discharged veterans.

Whether additional legislation would be needed to make a survey of the whole country or whether it could be undertaken by some of the agencies already set up hasn't been determined. Provisions are made, however, under the "GI Bill of Rights" for obtaining loans for setting up such enterprises. About the only problem involved is that of making national or state listings and advertising the opportunities so that veterans can locate them.

### Stamp News

AMONG the "enemy" stamps reaching this country since the end of the war in Europe are issues of Mussolini's short-lived Fascist government in Northern Italy, the Italian Socialist Republic. The first stamps used by the Mussolini Fascists after they attempted to overthrow the regular Italian stamps, overprinted with the fasces symbol and the words "Repubblica Sociale Italiana." Soon, however, regular issues, heavy with propaganda appeared.

In the commemorative field, the Mussolini government turned out a three-stamp set marking the 100th anniversary of the execution of the Bandiera brothers, early Italian patriots who were executed July 23, 1844 after they attempted to "free" Italy failed. The stamps picture the two brothers, Attilio (1811-1844) and Emilio (1819-1844). Values and colors are 25-centesimi green; 1-lira lilac and 2.50-lira rose.

In an effort to rally the Northern Italians to their cause, the Fascists turned out a series featuring Italian churches and religious institutions which were damaged in the war. Each bears the Latin inscription "Hostium Rabies Diruit," (The Fury of the Enemy Destroyed). Values, colors and designs include: 5-c. brown, San Ciriaco of Ancona; 10-c. olive and 1-l. violet, air view of the Abbey of Monte Cassino; two

20-c. rose, Bologna's Loggia dei Mercanti; two 25-c. green, Rome's San Lorenzo church; 1.25-l. blue and 3-l. olive, Milan's San Maria delle Grazie; and 1.25-l. green, special delivery, Palermo's "Duomo" or Cathedral. In addition, the 20-c. was overprinted with a 1.20-l value and the 25-c. with a 2-l valuation.

A drummer boy and the inscription "All' armi all' armi!" appears on a 30-c. brown and a 75-c. rose while a feminine figure holding aloft a Fascist emblem and wearing a castle as a crown is depicted on a 50-c. violet stamp.

NAZI or Quisling government postal issues of Norway also are now appearing on stamp dealers' counters in this country. Included among these issues is a four-stamp set issued in 1943 to mark the 100th anniversary of Edward Grieg, Norwegian pianist and composer, which bears his portrait. Two stamps picture Johan Herman Vessel and the dates 1742-1942.

Three semi-postals picture sinking ships—the Baroy, the Sanst Svithun and the Irma—with the extra revenue presumably destined for the survivors and their families. Another four-stamp semi-postal set issued to benefit the National Welfare fund depict a woman spinning, a man plowing, a man chopping wood and a woman feeding a child.

## Stray Leaves From Notebook Of Reporter About Town

With Council giving warning that arrests will follow the tossing of garbage off the bridges into the creek and river it is claimed many of the boys drove to Star Brick Brick to have their 22 calibre guns into the river. Local auto dealers happy in the thought that they will get some new cars to sell this year. Reports are current that rationing will be removed from all cars and trucks before snow flies. Good time being made on the new machine shop, lunch room and bunk house being built by the Pennsylvania railroad here on the site of the old round-house which was razed. The new structure is beginning to assume shape as the concrete foundations were in place several days ago. Warren streets are colorful with uniforms of men home on furloughs before shipment to the Pacific area. With Uncle Sam taking all passenger, express and baggage cars into the pool for the movement of soldiers it looks as if we'll all stay put and enjoy a vacation in our own backyards. Probably not a bad idea, either—and cheaper, too.

We read reports of auto crack-up with "slight damage done" and

fail to realize that the annual bill for the "slight damage" crashes amounts to about \$550,000 according to the AAA and National Safety Council. And just incidentally Mrs. Merle Schweitzer mails in a little rhyming that sort of echoes our sentiments relative to the OPA:

### The Little Dead Calf on the Pile of Manure

The little dead calf on the pile of manure  
Is a sight all too common today  
But the story behind the little dead calf  
Is the story of people who pay  
Their tribute to mismanaging government men,  
who serve in a curious way.

Now not by the right of a service called civil,  
Nor yet by divine right of kings,  
And not by election by American people—  
They serve, who manage these things.

The O. P. A. tells the farmer today  
Just four hundred pounds he may kill.  
And the ceiling they set on the price he may ask  
Won't cover his grocery bill:

The Slaughterer's quotas are being cut down;  
No new ones are issued, they say.  
And so when we go to the market to buy,  
We see: Sorry—no meat today!

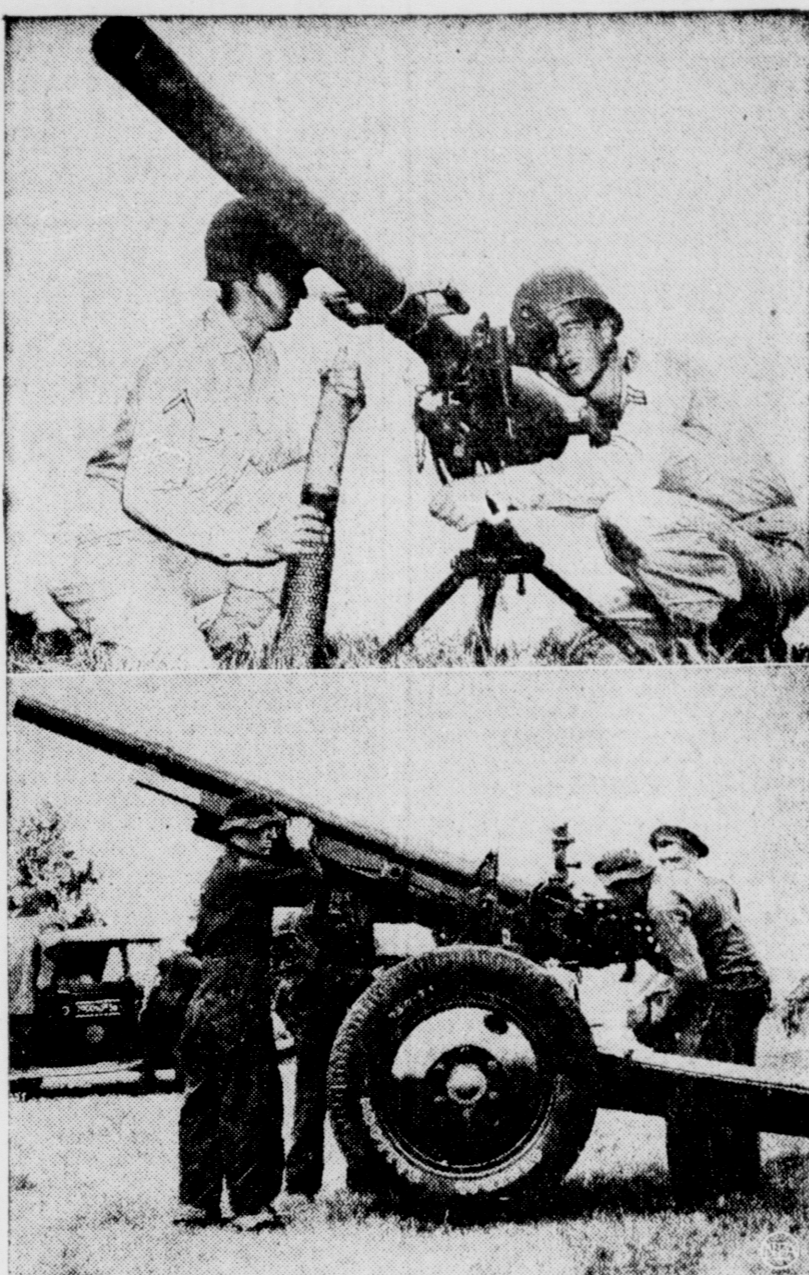

They'd buried the pigs, plowed under the beans,  
And now the poor calf has it's turn;  
And the meat hungry people of this land of ours,  
Another sad chapter must learn.

Now, because I belong to the unlucky crowd  
Whose names come too far down the lists,  
While my strawberry beds turn a brilliant, ripe red,  
No sugar for canning exists.

Tho we long for control by supply and demand,  
When life will be normal again,  
I think a new bureau will soon be begun.  
Among our government men,  
To teach birth control to the vegetable world  
And to the stock in the pen!

The Dutch, seeking a half-way point to India, colonized the Cape of Good Hope and pressed north from there to found an empire.

## Army Streamlines Famed 75-mm. Gun

The handy little weapon in upper photo is the equal of the big artillery piece seen below it. It's the Army's new M-20, a 75-mm., recoil-less rifle that weighs only 110 pounds, in contrast to the 3400 pounds that make up the huge 75-mm. field gun with a wheeled carriage. Only 82 inches long, it can be mounted on a .30-caliber machine gun tripod. It fires a 14-pound high explosive shell four miles. Although the M-20 looks like a bazooka, it operates on completely different principle.

## W. M. C. Modifies Order Controlling Women Workers

Upon the recommendation of the Area Labor-Management Committee, Paul C. Lewis, WMC Regional Director at Philadelphia, approved a partial relaxation of manpower controls which will permit firms in the Warren area to hire women without limitation on the number to be employed. This action was announced today by Henry C. Stanczak, Erie WMC Area Director, and will become effective on July 15, 1945. As a result, the employment ceiling and Priority Referral Plan is amended to the effect that in the future only male employment ceilings will be established instead of ceilings for both total employment and male employment.

Employers are cautioned, however, that while the abolition of employment ceilings on women workers permits employers to hire women beyond previous limits, a Statement of Availability or a release is required if the woman's last job was in an essential industry. Recognizing the fact that cutbacks and cancellations of war contracts are creating a surplus of women workers, the Area Labor-Management Committee recommended that (a) the Employment Stabilization program remains in effect as before, and (b) the Employment Ceiling and Priority Referral Plan be amended so as to eliminate total employment ceilings and thus abolish all limitations on a number of female workers to be employed.

The Area Director outlined briefly the controls in effect:

1. All workers leaving an essential industry must obtain a release or statement of advisability before obtaining employment elsewhere.
2. No employer shall hire a new male employee without prior clearance through the U. S. Employment Service, excepting certain exclusions such as under 18 or over 65, or WW II veterans.
3. No employer shall hire a new male employee if such hiring

would result in the establishment's exceeding its male employment ceiling, excepting of course veterans of World War II. Other workers who are outside of this restriction are part-time workers, those under 18 or over 65 years of age, and supplemental workers.

4. Although a mandatory 48-hour workweek is not required in Group II, III, IV, or unclassified areas, local employers are urged to continue to schedule their production on the basis of 48 hours or better per week, as heretofore, until the supply of male labor at least equals the demand locally. No action can be taken regarding General Order No. 8 which prescribes a mandatory 48-hour workweek for the steel industry. This regulation is now under advisement at the national level and until a decision is reached, no recommendation for local application can be submitted.

5. WMC together with the Priorities Committee composed of representatives of various federal agencies will continue to set manpower priorities and ceilings. Mr. Stanczak pointed out that the future of the WMC controls in this area will be determined by the type of labor market prevailing. Should future cutbacks warrant such action, he will, after consultation with his Labor-Management Committee, recommend changes, through channels, to the Regional Director, Paul C. Lewis at Philadelphia whose approval is necessary for any changes which may be proposed.

Mr. Stanczak remarked that the biggest problem facing the Warren area now is the demand for an additional 150 male workers and that developments up to this point had not done much to solve this problem. He said that his agency will remove any of the existing controls as soon as the need for them is past, stressing the fact that the only purpose for them is to assure war producers of sufficient manpower and to make for maximum utilization of the available supply.

### CORYDON

Miss Virginia Crooks is enjoying a weeks vacation from her duties at the Sylvania plant, Warren.

Miss Kilma Stryker has returned to Warren, following the week end spent with her parents.

Mrs. Mary Hood, of California, is visiting Titusville and Corydon relatives.

Mr. and Mrs. Lawrence Manchester has arrived from Detroit, for a visit with Mr. and Mrs. Roy Bennett.

### COAL SHORTAGE NEXT WINTER IS PREDICTED

Harrisburg, July 17—(P)—A critical shortage of miners in Pennsylvania's coal fields is going to mean colder homes next winter, Miner Secretary Richard Maize disclosed today.

Unless we can get former miners who are working in non-essential industries or returning soldiers back to mine pits, Maize said, "we are going to have the worst winter of the war as far as coal is concerned."

Householders, he said, should prepare now to get along on 40 per cent of the fuel they burned last year by shutting off extra, insulating their homes or by planning to use substitute fuel such as wood.

All aircraft control bearings not made of stainless steel must be cadmium plated to a thickness held between three-ten thousandths and five-ten thousandths of an inch to meet military specifications.

South Africa was discovered at about the same time as America and for the same reason—the search for the Indies

### RADIO PHONE TEST

## BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. This causes many a nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully for millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

### Brokenstraw Valley Garden Club Holds Regular Gathering

Youngville, July 19—Brokenstraw Valley Garden Club met Tuesday evening at the home of Mr. and Mrs. E. C. Stillings, West main street, with a large attendance of members and a number of invited guests.

A fine cooperative dinner was served at 6:30 p. m., followed by the business session. The naming of favorite apples was the answer to the roll call.

Members of the various committees reported that the boxes at the entrance to the town were now filled with flowers. The Youngville Fair Association announced through one of the fair board members that it is willing to cooperate in providing space and generous prizes for the Warren County Garden Clubs exhibiting at the Community fair in September. It is to be hoped that all Garden Clubs in the county will enter heartily into this project.

The feature of the evening was the showing of some splendid moving pictures. For this event the club moved to the school auditorium where four reels of pictures were shown. These were all very appropriate for gardeners. The first was on the subject of apples and opening with scenes from an annual Apple Festival. This was followed by many pictures, all in color, of apple culture and distribution. The second film was "Food and Magic", and had to do with stopping waste in food and using it to the best advantage for all. The third gave all the best ideas in Victory gardens. This was in color, also. The third called "Helpful Henry" was humorous in character but showed practical farm life as a city lad learned by experience on a farm.

Mr. and Mrs. Stillings received a rising vote of thanks for their hospitality and excellent program.

### GROUP MEETING AT CHERRY GROVE

Sunday, July 22, is the date set for the group meeting of union Sunday schools of Cherry Grove, Watson Farm, Brookston and Reagan Run, to be held at Cherry Grove. There will be services at 11 a. m. and 2 p. m., with a basket lunch at noon. Families attending are requested to bring their own table service and sugar, the committee to provide coffee, cream and lemonade.

### GYPSY ROSE LEE

Author, Stage and Screen Star says: "I would no more think of starting the day without using Arrid, than I would think of going out without combing my hair. Arrid is a necessity for well-groomed men and women."

## A One-bag Wardrobe

Fashion news from New York asserts you can have a bag to match or contrast with every dress or suit you own, and they will cost you no more than a few cents apiece, plus a bit of effort. All you need to begin with is a basic envelope-type bag, and then assemble a few scraps of left-over materials. To copy the ruffled bag cover shown here, cut a paper pattern one-half inch larger than the bag—which will allow you enough for seams—enough to turn under the flap.

For the ruffled edge, cut a one and one-quarter inch strip twice the length of the three sides of the bag. Hand roll to finish the edges and gather into a ruffle with a running stitch at the top. Turn fabric on wrong side, stitch flap down, then insert ruffle between the back and front of the bag and stitch three thicknesses together. Turn right side out and it's finished. Take eyelet embroidery edging, ruffle it in the same way and use it with white pique to give a frosty touch to dark dresses. For a sports bag, make a quilted chintz slip-cover and fasten it with bold white buttons.

To tie up a bag of contrasting material with your dark summer suit or dress, duplicate on the flap and body the same button originals which trim your costume and fasten them with a plain or fancy tie.

For winter, take a piece of bright, plain colored wool and bind it with Roman-stripe or plaid grosgrain ribbon. If you wish, reverse the plan—use plain bindings on a gay plaid or striped taffeta.

And here's a tip for the very smart woman: If you knit or crochet, make the same style slip cover in popcorn or some other "nubby" stitch.

## Social Events

### VARIETY SHOWER FOR MRS. GARDNER

Mrs. Harry Keller and Mrs. Robert Keller entertained at the latter's home with a variety shower complimenting Mrs. Rae Gardner, the former Virginia Hamblin. Bunco was played in the early evening, with prizes going to Mrs. Waldo Hamblin, Mrs. Harold McKillip and Mrs. Gerald Groves.

A delicious lunch was served, after which the bride was showered with lovely gifts from the following: Mrs. Paul Hamblin, Mrs. Waldo Hamblin, Mrs. Geary Groves, Mrs. Ralph Mason, Mrs. Harold McKillip, Mrs. Ralph Loree, Mrs. Tip Gardner, Mrs. Art Hamblin, Mrs. Robert Smith, Mrs. Frances Thompson, Mrs. Lloyd Rawson, Margaret Hamblin, Mrs. John Coulter, Mrs. Clifford Wing, Mrs. Ben White, Lois Ann Loree and the hostesses.

### AKELEY AND BLOOM RITES ON WEDNESDAY

Raymond Blume, of Warren, and Lester Akeley, of Russell, were united in marriage at five o'clock yesterday afternoon by the Rev. Ralph Richardson, of Conneautville, visiting at the Gilbert Schuler home on Schanz street. Mr. and Mrs. Earl Ebling, Warren-Jamestown road, attended the couple. The bride chose white accessories with a navy ensemble.

A wedding supper followed at the Blue and White Restaurant, after which the couple left for a trip to Buffalo and other New York points. Upon their return they will be home to friends in a newly-purchased home on the corner of McPherson and West streets.

### WOMEN OF MOOSE PLANNING PICNIC

Following a 7:30 p. m. executive session, members of Warren Chapter, Women of the Moose, held their regular meeting at 8:00 p. m. Wednesday. Plans were completed for an afternoon and evening picnic to be held next Wednesday, July 25, at the home of Jennie Lauffenberger, 217 Parker street. Supper will be served at six o'clock and each one is asked to provide her own tureen, sandwiches and table service. The chapter will furnish coffee, cream, sugar and ice cream.

Attendance prizes for last evening went to Ella Small and Hilda Anderson. The next regular meeting of the group is scheduled for Wednesday, August 1.

## Sally Hemingway And Sgt. Thomas Wed In Kentucky

Mrs. Helen M. Hemingway, of Bloomsburg, announces the marriage of her daughter, Sally, to T/Sgt. Myron G. Thomas, son of Mr. and Mrs. Clair S. Thomas, of Warren, on Monday, July 16, at the First Presbyterian church in Lexington, Ky. Dr. Robert W. Miles officiating. They were attended by Miss Bess Whalen and Dr. Frank L. Keller, both of Lexington.

The bride, formerly of Warren, was graduated from the University of Kentucky and has been a medical technologist for Dr. Arthur Bach in Lexington for the past two years.

Sgt. Thomas returned from overseas duty on July 14, having been stationed in general headquarters of the Persian Gulf Command for 27 months. He was graduated from Warren High School and attended the University of Pennsylvania and is treasurer of the Benjamin Franklin Federal Savings and Loan Association in Philadelphia, on leave of absence for the duration. He has been assigned to Headquarters and Headquarters Company, 9th Port, New Orleans, La., and will report there for duty after August 12.

Following a brief stay in Kentucky, Sgt. and Mrs. Thomas will come to Warren to visit his parents.

## CHANDLERS VALLEY

Chandlers Valley, July 17—Among those present at the Bible Conference at Findley Lake Sunday were several folks from the Valley.

Mr. and Mrs. Arthur Engstrom entertained Thursday evening with a miscellaneous shower for the newlyweds, Mr. and Mrs. George Engstrom.

Mrs. Ed Whaley returned home after spending several months with her husband who is stationed at Fort Benning, Ga.

Weekend visitors of their home were Doris and Rodney Engstrom of State College, Pa. Cpl. Gene Spencer who is home on 30-day furlough from overseas returned with them to State College Sunday evening.

Mr. and Mrs. Bennett Danielson entertained Saturday evening with a miscellaneous shower for their daughter and son-in-law, Mr. and Mrs. Howard Ristau.

A farewell party was given by the community for Mr. and Mrs. Carl Andregg and family at their home Wednesday evening. A gift of money was presented to them. Miss Janet Andregg of Fredonia, N. Y., is a visitor at the home of Mr. and Mrs. Lawrence Work.

The home of Mr. and Mrs. Stoutenburg was destroyed by fire Friday evening.

Mr. and Mrs. Gerald Sands accompanied by their grandson, Morris Beedle were visitors in Erie Monday.

Visitors at the home of Rev. and Mrs. Atkins are Mr. and Mrs. W. B. Morehouse of New Jersey.

"Jim" and "Junior" Hook are spending a few weeks with their grandparents at Delevan, N. Y.

Mr. and Mrs. Ellsworth Wilson and daughter of Swede Hollow, Mrs. Irwin Wilson and Mr. and Mrs. Ayling of Lottsville were visitors in the past week of Mr. Irwin Wilson, who is a patient in the Hamot Hospital.

Mr. Gus Peterson was a weekend visitor at the home of his sister, Mrs. Charles Peterson of Swede Hollow.

## MEN AND WOMEN IN SERVICE

## Bronze Star Is Given To Maj. Sipple

Headquarters of a 12th Air Force night fighter squadron in Italy reports that Major Cecil R. Sipple, of Russell, was recently awarded the Bronze Star Medal for meritorious service in direct support of combat operations while serving as an executive officer with a night fighter squadron in the Mediterranean theatre of operations.

Major Sipple was in direct supervision of the frequent changes of station made by his unit. These ranged from the toe of Italy through the Apennines, and were so well carried out that the squadron was able to carry on almost continuous operations providing cover and defensive patrols of the airways in support of the Fifth Army. Because of his efforts over all these moves, the squadron was non-operational for but one day.

His American night fighter squadron, which recently received the Presidential Unit Citation for action against the enemy during the Anzio beachhead period, was the first to be stationed in Europe, and the only American night fighter unit in the Mediterranean theatre with the British-built Mosquito aircraft. His squadron, which has taken part in five campaigns, was giving air support to the American Fifth Army on the Italian front at the cessation of hostilities.

Son of Mr. and Mrs. Henry C. Sipple, of Russell, the Major formerly attended Russell schools and was employed by the Socony-Vacuum Oil Company prior to entering the armed forces.

### DECORATION FOR LT. WILLIAM MUIR

Mr. and Mrs. George Muir, Conewango avenue, have just had word from their son, Lt. William H. Muir, that he has been awarded the Bronze Star Medal for meritorious achievement in action against the enemy in the period of 9 November 1944 to 9 May 1945. Lt. Muir is with the 100th Division of the Seventh Army in Germany and has been overseas since September, 1944.

### WACS AT WAKEMAN

Word has been received from Fort Des Moines, Iowa, that Pvt. Josephine A. Amicone and Pvt. Leona I. Snow have left the WAC training center at that place to report for technical training at Wakeman General Hospital at Camp Atterbury, Ind. Pvt. Amicone is the daughter of Mrs. Theresa Maleno, 107 Jefferson street, and Pvt. Snow is the daughter of Mr. and Mrs. Charles R. Snow, of Kinzua.

### EVANGELICAL UNITS WILL HAVE PICNIC

The Little Heralds and Mothers Circle of First Evangelical church, with the Ladies' Aid Society, will hold a picnic Friday noon at Crescent Park. All members and friends are invited and each is asked to bring bread and butter, sugar, a tureen and table service, the committee to provide coffee, milk and ice cream. In case of rain, the groups will adjourn to the church basement.

### MEMORIAL FOR MARTIN O. IRVINE

A memorial service will be held at the Wrightsville community church at 2:30 p. m. Sunday, July 22, for Pfc. Martin O. Irvine, who was killed in action on August 23, 1944, somewhere in France. Lt. Ruby S. Sharples, of Camp Pickett, Pa., is spending a leave in town with her mother, Mrs. Verdie G. Strickland, and other relatives.

Pfc. and Mrs. Frank A. Brindis, Jr., are spending a 30-day furlough with Mr. and Mrs. Charles Bonavita, Pfc. Brindis has just returned from ten months overseas duty.

John Borne, son of Mr. and Mrs. C. F. Borne, 1411 Pennsylvania avenue, east, has completed boot training at the Great Lakes Naval Training Station and is spending a short leave with his family.

Mrs. Theresa Lavery, 1212 Pennsylvania avenue, west, has received word from her son, Pvt. Joseph W. Scalise, who left here June 21, is taking basic AAF training at Sheppard Field, Texas.

James Hunt, seaman second class, is visiting his parents at Russell after completing boot training at Sampson, N. Y., naval center.

### ENGAGEMENT TOLD

Mr. and Mrs. Roy Pearce announce the engagement of their daughter, Bernice, to Pfc. Wilbur A. Post, of Staten Island, N. Y. No date has been set for the wedding.

Miss Pearce, graduate of Warren High School, is employed by the New Process Company, Pfc. Post, who served in the North African and Sicilian campaigns, is now on guard duty at the Bull Hill prisoner of war camp.

## SUGAR GROVE

Sugar Grove, July 17—Mr. and Mrs. Burt Schoonover were given a surprise housewarming party Friday evening by the Volley Ball Club. Twenty five persons were present and enjoyed a picnic supper on the lawn, and in behalf of the club, Mrs. Carlton Foss presented the guests of honor with a gift.

The Girl Scouts enjoyed a delightful afternoon and evening at the Grant home Tuesday. Several Scouts prepared a part of the supper and earned their out of doors badges during the afternoon, later all joined in a hike and swimming party followed by a picnic supper and games. Guests were Mrs. David Landin and Miss Ruth Abbott. The troop consists of twenty members and has been divided into three groups with an advisor for each group. The leader of the troop, Mrs. Scott Stuart, Jr., will have one group, and Miss Velma Braun and Mrs. David Landin the other two groups.

Troop 17 Boy Scouts with their leader Travers Stohberg, left for Camp Olmstead, Saturday morning. Boys spending the week at camp are, Guy Joseph Summerson, Gail Frank, Malcolm Allen, Donald and Frances Burch, Milton Shreve, Robert Cimmens, Sherman McJure, Philip Stohberg, Ronald Barrett, John Stuart, Jr., Jack Abbott, Leonard Briggs, Doyle and Roland Carlson. Mr. and Mrs. Alden Stearns were given a surprise Friday evening when relatives and friends came to help them celebrate their silver wedding anniversary which was June 12th. Guests were Mr. and Mrs. John Stearns, Mr. and Mrs. Robert Boswell, Hayes Boswell and Valentine Smith of Jamestown, Mr. and Mrs. Roger Norlander and family of York, Pa. Mrs. Sophia Boswell and Mr. and Mrs. Hobart Sanders of Sugar Grove.

Rev. and Mrs. C. W. McCaskey of Erie were recent guests of Mr. and Mrs. F. A. Schoonover, Mrs. McCaskey is recovering from very serious operation and illness at Mayo Brothers Hospital, Rochester Minn.

Miss Elizabeth Saunders has returned to Buffalo after spending a two weeks vacation with her parents, Mr. and Mrs. William Saunders. She was also a guest of her sister, Mrs. Maurice Irvine and family of Wrightsville.

Mr. and Mrs. Roger Norlander and sons, Peter, Melvin and Norman and Miss Betty Ciple of York, Pa., returned to their home Sunday after being guests the past week of their parents, Mr. and Mrs. Alden Stearns.

Mr. and Mrs. D. H. Haggerty entertained at a family party Sunday in honor of their nephew Stuart Anderson store keeper third class and his bride. Seventeen guests were present. Mrs. Haggerty was assisted by her daughter, Mrs. Ernest Anderson, Jamestown.

Petty officer Archie Jamieson recently returned from two years service in Bermuda, accompanied by his wife and baby Linda of Jamestown, is spending a few days with relatives in this community.

## Concert Band Group Enjoys Park Outing

Members and families of the Clarendon Junior Concert Band which is under the supervision of Lynn Atkins, enjoyed a wonderful afternoon and evening at Celoron on Tuesday, with 57 persons in attendance.

The young people spent the afternoon roller skating, after which a bountiful picnic dinner was enjoyed at one large table set in the pavilion.

During the evening hours, the various amusements of the park provided an endless round of pleasure and merriment for old and young.

A great deal of credit goes to Mr. Atkins for organizing such a fine group of young people; also for the progress it has made in its music. Especially is he to be commended for the shouldering of responsibility for a truly pleasant afternoon and evening which all agreed was a real success.

China has two of the great rivers of the world—the Yangtze and the Yellow.

## Federal Men Checking Use of Auto Stamp

Federal investigators have started a campaign against motorists who fail to display the five dollar auto stamp. Much rumor has circulated throughout this section that there is no act or law which states the use stamp is necessary.

According to N. J. Mangus, deputy collector of the Department of Internal Revenue, "the law says the tag must be on the car."

Chapter 32A, Section 3540, on the use of motor vehicles and boats, passed by the 77th Congress, (a) Imposition of Tax—There shall be imposed upon the use of motor vehicles and boats a tax, with respect to each year in which use occurs, at the following rates: motor vehicles—\$5; boats—according to length from \$5 to \$200.

This act became effective October 1, 1941. Yesterday, approximately 100 cars were tagged for failure to display the stamp and the motorists have been asked to report to the Department of Internal Revenue office in the Post Office building Saturday from 8:30 to 5 o'clock, for a hearing.

Another detail has arisen concerning records of sales made by various post offices, revenue offices and investigators. There is no actual record made of each individual sale with the exception of the serial number on the stamp, which is proof that the stamp was purchased but not of the purchaser.

A fine of \$25 will be imposed on motorists who do not display the stamp and \$50 on those who have not purchased the stamp.

Mr. Mangus also stated this morning that a total of 200 use stamps were sold here yesterday.

## Times Topics

### SHRINER BARBEQUE

August 5th is the date set for the Warren County Shrine Club chicken barbecue, when members will entertain their families at Island Park at Youngsville.

### MEETING WAS HELD

At the camp of Plummer Printz on the Conewago creek a meeting of the Past Exalted Rulers of Warren Lodge of Elks was held. There were many present and a happy evening was enjoyed.

### COMING TO WARREN

A representative from the Erie Field Office of the Social Security Board which serves this area will be at the Employment Service Office, 225, Pennsylvania Avenue Monday July 23, 1945 at 1:30 p. m. it was announced today by George W. Ervin, Manager.

### ASKS FOR HELP

Velma Braun, home economics advisor in charge of the Sugar Grove canning center, is asking for help in canning peas for the school lunch project and asks all who can assist her to be at the home economics house on Saturday.

### NEW LAW IN EFFECT

Uninsured motorists involved in accidents will have to deposit money with the State Revenue Department to cover damages, under a law which becomes effective Monday. When an accident occurs the Secretary of Revenue will estimate damages and the operator, if he carries no liability insurance, will have to put up enough money to cover costs or his license will be suspended. The funds will be held by the Commonwealth until the case is settled, when they will be paid to the person who suffered damages or returned to the depositor, depending upon which one is adjudged responsible for the accident.

## Candidates Filing Expense Accounts Now

Today is the last day for the candidates at the primaries held on June 19 to file their expense accounts of monies disbursed during the campaign. No itemized account need be filed if the expenditures were less than \$100 but an affidavit must be filed with the County Election Board.

Four candidates have filed up until noon today. They are Harry Johnson and Homer Fitch candidates for the office of borough tax collector. Johnson's account shows that he expended \$191.47 and Fitch spent \$296.65.

Donald Schuler successful candidate for the nomination for the office of Register and Recorder filed an account showing \$1257.90. His opponent John Mead has not as yet filed his account.

Donald DuMond, unsuccessful candidate for Town Council in the 8th ward merely filed an affidavit that he spent less than \$100.

## Bus Service Extended By West Ridge

Service was started today by the West Ridge Transportation Company by which patrons of the line will have better service between Erie and Kane. A new bus run was inaugurated with a bus leaving Erie at 8 a. m. arriving in this city at 10 a. m. and leaving Warren for Kane at 10:10, arriving there at 11:10. Returning the bus will leave Kane at 11:35 arriving in Warren at 12:25. Then a lay over here will be made until 9:45 at night when the bus will leave arriving in Erie at 11:30.

This arrangement will allow shoppers from Kane and intermediate points to come to Warren and spend the afternoon shopping and return on either the afternoon West Ridge or Greyhound buses. It will also give residents of the region west of Warren better connections into Warren during shopping hours.

## Investigation Continues In Murder Case

Investigation in all details of the death of Wendell McKinney, of Youngsville from a revolver in the hands of his wife is still under way. Sheriff L. C. Linder stated this morning that there are a number of angles to the case that still require much attention and it is hoped to clear them all up within a short time. "The case is far from being entirely cleaned up," said the sheriff this morning. "We have several matters that require attention but we expect to have all angles taken care of within a few days."

The case will undoubtedly come before the September term of Court of Quarter sessions and it promises to be a legal battle. The charge of murder will allow any of several verdicts to be returned by the jury which will hear the testimony.

The hearing next Tuesday afternoon at 2 o'clock will undoubtedly merely produce sufficient evidence to allow the woman to be held for the September term of court.

### Personal Paragraphs

Nick Geracinos, now located in Dayton, O. was in town today to visit relatives and friends while en route to Philadelphia on a business mission.

Jill Madden, 17 East St. Clair street, fell yesterday while visiting her aunt, Mrs. Claude Barlow, her right shoulder—x-rays were taken at Warren General Hospital and the injury was strapped and a sling applied.

Mrs. V. L. Newkirk, of Wilkinsburg, is visiting at the home of her brother and family, Mr. and Mrs. C. W. Barwis, Fourth avenue.

### ALBERT L. ALLEN

Albert L. Allen, resident of North Warren and desk clerk at the Carver Hotel for the past two years, died at 3:15 a. m. today in Newton Memorial Hospital at Cassaga, N. Y. He was born in Pittsburgh April 23, 1887, and was a veteran of World War I, serving with Headquarters Company of the 68th Infantry.

He is survived by one sister, Mrs. Coral Stoffel, North Warren; three nephews, Clyde A., with the armed forces in Italy; Carl A., with the navy in the South Pacific; Dwight L., North Warren.

Rev. J. H. Cruickshank, pastor of North Warren Presbyterian church, will conduct services in his memory at the Lutz Funeral Home at two o'clock Saturday afternoon. Interment will be made in the veterans' plot in Oakland cemetery.

### MRS. JENNIE MCCONNELL

Mrs. Jennie McConnell, aged 81, of Torpedo, died at 10:30 p. m. Wednesday in Warren General Hospital where she was admitted after she had fallen and broken her hip on July 9. She was the widow of Henry McConnell, who had conducted a general store in Torpedo for many years.

She leaves one son, Major Harold McConnell, Torpedo; one grandson, Henry, in the army; one brother, John Messenger, Garrettsville, O.

She was a member of the Methodist church of Garland and Rev. Dwight Jack, Methodist minister of Youngsville, will conduct services at her home at 2:30 p. m. Saturday. Interment will be made in the Garland cemetery. (Titusville Herald please copy)

### CARD OF THANKS

We wish to extend our sincere thanks to our many relatives, friends and neighbors for their cars, flowers, and for their other many kindnesses during our recent bereavement.

The Rydholm Family, 7-19-11\*

## STAINED TOWELS?

Use 101

YOUR GROCER HAS IT.

"Well, Bill, I'll see you at Scout meeting tonight. . . . Dad says we ought to keep calls brief."

"Dad" and his son are good scouts.

Thoughtfulness of this kind makes

telephone service better for everybody.

Lengthy local and long distance telephone conversations

make it tough for the other fellow these days. There just

isn't enough central office equipment to let everyone talk

to his heart's content. But our shortage of equipment is our

Armed Forces' gain, for the peace-time producers

of telephone equipment have done miracles in

war-production. . . . Please keep all calls brief.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

### BARNES

Barnes, July 17—(P)—Miss Pattie Reppert and Miss Loreen Smith, of Detroit, Mich., have been visiting at the home of Mr. and Mrs. Levi Warner for the past few days. Miss Reppert will remain for the vacation, but Miss Smith will return to Detroit the last of the week.

Mrs. Thomas Lawrey and sons, Thomas and Robert, of Eureka, Kansas, were guests at the home of Mr. and Mrs. L. L. Huston over the weekend.

Sgt. Ralph Donaldson, who is hospitalized at Martinsburg, N. Y., visited his parents, Mr. and Mrs. Fred Donaldson, over the weekend.

Mrs. Bette McNeal and son, Chuckie, arrived home from Miami Beach, Florida, Sunday afternoon. They accompanied her sister, Mrs. Ernest Blair, and the twins when they went there to join Mr. Blair, who is stationed there.

Mrs. Edna Haupin, of Youngsville, and son, Warren Haupin, of New Kensington, Penna., were the guests at the home of Mr. and Mrs. W. H. Brandt and Mr. and Mrs. Fred Donaldson, Sunday.

C. R. McNeal has spent much of his time the past few days with his sister, Mrs. Bessie Kelly, of Kane, who underwent a serious operation a few days ago. Her condition is regarded as fair.

Glenn Silvis, who recently received an honorable discharge from the U. S. Navy, has secured employment in Warren, and commutes back and forth.

Miss Frances Hover, R. N., of Corry, returned to her duties in the Corry hospital after a month's vacation, part of which she spent in Barnes, as the guest of her mother, Mrs. W. C. Hover.

Miss Rachel Barnes, R. N., employed at the Warren State Hospital, spent last Wednesday and Thursday visiting her mother, Mrs. W. D. Barnes.

Lt. Bernard R. Hover and Mrs. Hover and their two small daughters, Ruth Ann and Carol Jean, arrived here Saturday afternoon for a visit with his parents, Mr. and Mrs. W. T. Hover. Lt. Hover arrived in the United States last Wednesday after five months service in Europe. After thirty days he will report to the west coast where he is being reassigned for service in the Pacific area.

Mrs. W. C. Hover was very pleasantly surprised at a birthday party at the home of Mr. and Mrs. W. T. Hover last Thursday eve-

ning, it being her eightieth birthday. A feature of the luncheon served was a beautiful birthday cake. Mrs. Hover received many lovely gifts and those who were present from out of town were Mrs. Waldo Zehnder, of Scio, O.; Miss Frances Hover, Miss Jean Armitage and Harold Armitage, of Corry; Durward Clark, of Erie, and Raymon Billstone, of Warren.

Mrs. Waldo Zehnder of Scio, O., was the house guest of Mr. and Mrs. Bert Hover last week while here to help celebrate the birthday of her aunt, Mrs. W. C. Hover.

Mr. and Mrs. George Conquer and son, Raymond, are visiting relatives in Pittsfield, Mass., this week.

Bertrum Schreckengost has been honorably discharged from the U. S. Navy.

Mr. and Mrs. William Dotterer, Mr. and Mrs. Roy Dotterer and son, Bennie, of Emlenton, called on Mrs. W. D. Barnes Friday.

They have purchased the property of Mr. and Mrs. Howard Perry in the lower end of town for a hunting camp.

Mr. and Mrs. J. C. Curtin were dinner guests of Mr. and Mrs. Donald Curtin at their home in Sheffield, Sunday, when they celebrated

the birthday of their son, Tom.

Mrs. Floyd Zerby and daughter Miss Bonette Zerby, of Foxboro, were guests at the home of Mr. and Mrs. J. C. Curtin Wednesday evening.

Miss Carrie Belle Conquer, Erie, spent the weekend visiting her parents, Mr. and Mrs. C. Conquer.

Bert Lyle S2/c is spending a day detachment leave with parents, Mr. and Mrs. J. B. L. He arrived here from Sampson, Y., Monday morning.

The W. S. C. S. of the 10 Methodist church sponsored a rummage sale, which was held in church basement Friday. It was a great success as nearly fifty dollars was realized.

## Newhauser, Benton Hand Nats Double Loss; Giants Score First Win At Pittsburgh

BY JAC KHAND  
Associated Press Sports Writer  
Washington's pennant boom collapsed completely today as the Senators picked themselves up off the floor and tried to dust off the humiliation of losing two straight doubleheaders.

Detroit came into town last night for the opening battles of the year's first "crossing" series and dropped the Nats to their knees on a pair of superior pitching jobs by Hal Newhauser and Al Benton. St. Louis had flattened Ossie Bluge's men twice Monday night.

Newhauser topped No. 14 of the season in a 6-4 opener despite a streak of wildness and Benton avenged his only defeat by earning his eighth verdict at Marino Pieretti's expense, 5-0. The ex-sailor's only previous loss was to the pint-sized rookie, 1-0 on May 20.

The double knockout dropped Washington from second to fourth and boosted Detroit's first place margin to 4½ games, the same lead they brought east despite a rocky sub-500 road jaunt. While the Tigers have been playing in-out ball, only Boston of the three eastern contenders has been able to do anything about it.

Joe Cronin brought the Red Sox home in fifth place but they proceeded to take three from the Tigers and pull up into the race. Trouble against Cleveland which took two of three was corrected when Dave Ferris went out to face Chicago in the series opener yesterday afternoon.

Ferris, beaten only by the Yankees, who did the job twice, rocketed to his 16th pitching triumph and his seventh in succession by trimming Chicago, 6-2. Two freaky breaks cost the disgraced serviceman a sixth shutout.

Boston moved past Washington into a percentage tie with the New York Yankees, who were rained out of a doubleheader with St. Louis.

Cleveland and Philadelphia battled for two hours and 35 minutes but had nothing better than a 2-2 tie to show for their efforts as rain intervened in the top of the 13th inning and washed out a scheduled second tilt. They will try it again tonight.

The St. Louis Cardinals blew a chance to pick up a full game on the National League leading Chicago Cubs when they dropped the second of two of the Phillies, 5-4. The world champs routed the Phils 7-3, in the first game for Blix Donnelly's fifth success.

The Dodgers came off with an even split in Chicago before 42,047 paying fans, largest weekday Wrigley Field turnout in 15 years. After succumbing to Ray Dinn's wiles in the first tilt, 5-0, the Bums ruined Lon Warneke's comeback, clubbing five Cub pitchers for 12 hits and a 9-5 evening.

Only change in the National standings resulted when the New York Giants, who hadn't won at Forbes Field all year, did it twice in one day and pulled past the Pirates into fourth place on 6-3 and 4-3 verdicts.

The Boston at Cincinnati tilt was put off until later in the season, because of transportation problems.

## Kiwanians and Old-Timers Prepare For Benefit Game

Plans for the second annual Old-Timers' baseball game got a bang-up sendoff yesterday noon when the Kiwanis Club met at the Carver Hotel for its weekly luncheon and made the initial plans for the one-time greats of the diamond sport to make their yearly trip to the diamond and match charity-horses and partly-faded baseball knowledge with their fellow opponents from Jamestown in a charity contest for the crippled kids of Warren county.

President Russ Elliott made the first move toward another successful campaign when he gave each member ten tickets to sell for the game which is to be played Saturday afternoon, August 4, at the State Hospital field, with Joe Gardner, one of the Old-Timers, heading the foray.

Gardner and Myron Jewell, who just this year announced his retirement from the sport, have already sent out requests for any old-time baseballers to report to the August meeting. Some of the men already contacted include "Red" Swanson, Mike Blech, Andy Randinelli, Art Johnson, Paul Harrington, Pike Peterson, Ray Bennett, "Pike" Wright, George Hunzinger, and many others.

Bedient, Caldwell, former major league hurlers, will be among the host of Jamestowners who years ago made names for themselves as standout players.

Tickets may be obtained from any of the following committee members: George Seavy, Dr. Jack Wolford, Hank Ledebur, Russ Hansen, Gerald Rickerson, or from club members. Named on the program committee were Ed Sullivan, Frank Wood, and Harold Baker.

## St. Joseph's Wins, Meets Sheffield Nine

St. Joe's continued to dominate play in the YMCA-Church league with a tight, 7-3 victory over a much-improved Thomas Coupling nine. The win puts the Catholic crew way ahead in the league standings with little possibility of being edged of another championship.

The Catholics scored two in the first frame to start the ball rolling. Red Tome slamming a four-bagger with Don Gheres on first after taking a free pass. Two doubles in the second gained another tally for the winners as they started on their usual spree.

In the fourth inning, the St. Joe's outfit, which will enter the Western Pennsylvania Amateur Softball playoffs in Erie the latter part of August, added two more scores on two singles and a pair of errors.

Thomas came back with their first tally in the bottom half of the fourth when Mills walked and made a trip around on faulty fielding. St. Joe's sent home another single run in the fifth as play began to tighten up.

In the sixth and seventh frames, Thomas added single scores to make it 6-3. Pettit started his first assignment for the losers and turned in a good performance, while for the Catholics, Veto Greto took the mound, allowing Chuck Denardi a brief rest before tonight's game with Sheffield at Beauty Field at 6:15.

The Sheffield combine is made up of soldiers stationed at Bull Hill's P-W camp.

## League Stars Vs. Catholics Tomorrow Nite

A combination of YMCA-Church league All-Stars will invade Beauty Field tomorrow night with the highest hopes of tramping the shoes of the first place St. Joseph's softball team, unbeaten in league play and defeated only once this year.

The All-Stars will be out there at 6:15 with every intention of upsetting the fast-stepping Catholic nine, winner in 10 out of 11 starts this season. Port Allegheny was the only team so far able to send St. Joe's down the losing side, and then when they split a double bill at Port Allegheny.

Erv Rader, star Grace hurler, will take to the mound for the stars Friday, opposing Chuck Denardi. Catching for the challengers will be Thomas Coupling's Putnam, with the remainder of the infield as follows: first base—Art Johnson, First Methodists; second base—Emmy Reider, Thomas; shortstop—Highhouse, First Methodist; third base—Harold Baldensperger, Grace.

The outfield will be composed of Jim Farrell, Baptist; centerfield—Dick Harris, Baptist; right field—Dick Schumacher, Sylvania; short center—Foster Maze, Sylvania.

Among the other players included on the All-Stars are: Art Brandenburg, Ray Reed, Myron Jewell, Howard Boyd, Al McNally and Jim Turner.

Tomorrow's game is part of the PTA's Community Party Get Together.

## Heavy Slate Is Scheduled For Baseball Over Weekend

Warren's two baseball teams face a heavy schedule over the weekend with a total of five games being played, three at home and two out-of-town.

The Warren Independents open the slate tonight at the State Hospital against Joey Nagle's Jamestown All-Star outfit, which defeated the Indians, 5-0 in their initial meeting at Russell Field.

Tomorrow night, the National Forge renews its rivalry with Vern Group's Corry Merchants at Corry. The NFO's hold two wins over the Merchants, but tomorrow's contest will be more bitterly contested than before.

The Forge travels again Saturday, going to Chautauque, N. Y., for an afternoon tussle with the crew of western New Yorkers who represent the summer playground.

On Sunday afternoon, the Independents will face Pleasantville's Northern Ordnance nine, whose latest loss was a 6-5 heartbreaker last night. This contest will be played at Russell Field at three o'clock.

Also on Sunday, the National Forgers renew their regular Sunday stand at Wilder Field against DuBois at three o'clock. The NFO's met the Vulcans at the State Hospital in their first affair, which ended in an 8-8 tie, but later defeated the Clearfield county boys 4-3.

Bob Schussler is slated to take the mound against Joe Nagle's proteges at the State tonight. Schussler defeated his first two opponents of the season, Mt. Jewett and Ashville, but notched his first defeat against the Forge in the first of the two teams' series. Left Pratt will probably oppose Schussler.

## Byron's Absence To Widen Entries

St. Paul, July 19—(P)—A back injury which forced Byron Nelson, the Toledo golf wizard, out of the St. Paul open tournament today opened wider the gates of opportunity to other members of the touring professional troupe on the summer circuit.

Nelson has monopolized top money in nine consecutive tournaments this year—the longest string of triumphs in top-flight golf—with the other pros taking the lesser amounts for second place and below. His latest victory was in the National Professional Golfers Association tournament which boosted his money winnings to \$31,500.

Harold "Jug" McSpaden of Sanford, Me., took over the favorite's spot on the entry list for the St. Paul open, which included such names as Johnny Bulla of Lyle, Ill., Sgt. E. J. "Dutch" Harrison of Wright Field, Ohio, Bill Kaiser of Louisville, Ky., Dick Metz of Oak Park, Ill., Ky Laffoon of Chicago, Tony Penna of Dayton, Ohio, and Johnny Revolta of Evanston, Ill.

## Wounded Vet Cheers Double-V Waste Paper Program

Waste paper serves twice now. Many organizations are channeling some of the funds from the sale of paper to help wounded veterans, buying little comforts such as candy, home phone calls, radio head-sets... or aiding other worthy community projects. Think what a few candy bars meant to this boy!

The paper itself goes into the war effort and essential civilian uses. Last year 1,250,000 pounds of paper went into protective boxes which safely carried life-saving blood plasma overseas.

### Navy Reveals Damages to Ticonderoga

(From Page One)

fuelled and rearmad. Main girders in the vicinity of the explosion were twisted by blast and heat. The fire, fed by gasoline, spread swiftly to the wardroom passage and the staterooms.

On the bridge, her skipper, Commodore (then captain) Dixie Kieker, Kansas City, changed course to keep the wind from feeding the fire. Below decks, her executive officer, Comdr. William O. Birch, Norfolk, Va., supervised the flooding of magazines to prevent explosions and of other compartments to give the ship a 10 degree list. This dumped flaming gasoline overboard from the hangar deck.

Under Comdr. (then Lieut. Comdr.) Francis Mallory, Jr., Norfolk, Va., the crew fought the flames and jettisoned bombs. Loaded gasoline tanks were punctured and drained overboard to avoid explosions. Firefighters and plane handlers removed smoldering and burning planes and shoved them overboard while the flames were confined to the forward position of the hangar deck.

Then, while this was in progress, the crippled ship was hit again. Overhead, her planes had shot down five of the enemy, and her anti-aircraft gunners had accounted for three more.

The second plane struck just before one o'clock, and by 2:37 all fires were under control without assistance from other ships.

At the end of the struggle, the Ticonderoga still was able to launch and land aircraft.

### 50,000 Depth Charges Are In Path of Flames Which Are Raging Beyond Control

(From Page One)

to the air as every truck available, both military and civilian, was pressed into service to move people from the danger zone.

There was no immediate official explanation of the cause of the initial explosion, which was believed to have consumed hundreds of tons of explosive. One unconfirmed report said it was touched off when a large caught fire while unloading.

Residents of Halifax could see rockets blazing skyward amid pillars of flame which illuminated the area for miles around.

In the wake of each successive explosion projectiles were hurled through the air and into the Bedford basin. Snowflake rockets, used for illuminating targets during the war at sea, flowered over the scene with weird brilliance.

A thick pall of smoke billowed over the basin, partially obscuring the chaotic scene from watchers who gathered on the hills in the north end of Halifax.

Virtually every store window in Halifax and Dartmouth was believed to have been smashed by the series of detonations, but principal damage to Halifax itself appeared to have been confined to the northern part of the city.

As the blasts rose in intensity, reports poured in from communities miles away which had felt the shocks. The initial blasts had shaken buildings five to ten miles away, but the later and heavier detonations were felt as far as 27 miles away.

The St. Margaret's bay road leading out of Halifax was lined with automobiles moving bumper to bumper for a distance of ten miles, jammed with people in flight from the danger area.

The scenes in the blast area recalled the 1917 disaster in the same harbor, when an ammunition ship exploded, killing 1,600 persons.

Halifax itself was plunged into darkness by the great 3 a. m. blast which cut off all the power in the city.

### Nip Warships in Chiba Bay Are Bombed

(From Page One)

Nevertheless, Japan still has 5,000,000 to 10,000,000 including the emperor's best troops, to defend their homeland.

The enemy has little else, however. The Japanese air force has permitted the combined American and British Pacific fleet to bomb and shell its war industries and military targets at will for more than a week without sending so much as a squadron to counter-attack.

Radio Tokyo, many hours after Nimitz announced the attack on Yokosuka naval base said the high command had no intention of making even a token defense.

HAIR NETS. Water wave and sport nets in brown, black, blonde and bright colors.

**10c**  
NAIL POLISH; all popular colors, 10c. JIFFY DRY, dries polish quickly, 10c.

**5 to 1 KRESGE'S 5 to 1**

200-204 Liberty St. Free Customer Parking

## Full Schedule Is Announced For Recreation Activity

The Committee on Community Recreation has released the full schedule for tomorrow's activities on the Beatty school premises. The young people are hoping for a large crowd of all ages for the program, on which they have spent much time and preparation.

The program starts off on Beatty playgrounds, with a special game period at four o'clock for boys and girls of grade school age, relays having been planned by Miss Millie Kopp and her assistants.

At 6:15, the St. Joseph's softball team, winners of the first half in the City League, will play a team of picked men from other teams. This game will be played on the Beatty diamond and is detailed on today's sports page.

The band concert will start at 7:45 on the Beatty school lawn. The Dragon Band had a good rehearsal last evening, under the direction of Harry Summers. Terry Thurn will play his last solo on the trombone with the band, before he leaves for Detroit.

The ice cream social which is being sponsored by the Community Council P.T.A. will be held on the Beatty school lawn between the hours of 5:30 and 9:00 o'clock. The P.T.A. is hoping for a good turnout to the social.

Adults will have an opportunity to see one of these popular community parties in action tomorrow when the doors open at 8:30. There will be dancing, with the Men About Town Orchestra on the outside court; square dancing in one half of the court and games in the other.

The auditorium shows are scheduled for 9:00 and 9:30. Admission is by free ticket. The floor show will be presented at 10 o'clock in the outdoor cabaret.

Hugh Jamieson will make his debut as master of ceremonies for the auditorium shows. The program will include semi-classical numbers. Loren Wright and Kowell will be heard at the piano. Joann Yagie and Bob Huck are the vocalists. Dorothy Bohren and Willer Lashaw, will give a flute and clarinet duet, with accompaniment by Miss Lillian Larsen.

Bill Clinger is presiding once again as master of ceremonies for the floor show. Feature numbers include band specialties; two solos by Teresa Marie Fino; a singing and dance act by Nancy Lee Plummer and Dick Rapp, which is very effective; a comedy specialty by Bill Clinger, Louie Chimenti and Nick Geracimos; two quartets by The Melody Men and the Four Serenaders, and an octette number. Teresa's numbers are "I Should Care" and "How Little We Know". The Four Serenaders have selected "Anywhere" and the Melody Men will finish the program with a clever specialty, "Atchison, Topeka and Santa Fe." The two quartets will combine for a number, "Dreams."

Although outside activities start at four o'clock the building itself will not be open for public use until the party itself begins at 8:30. All activities will stop at midnight.

Anyone who is interested in a good evening's entertainment and in seeing what the young people have been doing this past year is invited to the Beatty school premises tomorrow evening. There is no admission fee to any of the program. The only charge which is made is for the ice cream social tickets and for refreshments at the soft drinks bar.

All committees are urged to be in their places tomorrow night at the appointed time so that the whole program may be as smoothly as possible.

## Pre-Induction Meeting At 'Y' Friday Night

All selectees of both Selective Service boards in Warren and Warren County are invited and urged to attend a Pre-Induction meeting to be held in the Y.M.C.A. Friday evening at 8 o'clock. This meeting is especially arranged for those selectees who have been called to appear for induction next week and the week following.

Plans call for an informal discussion of the needs and interests of men about to enter the armed forces. Although written invitations have been sent out by General Secretary Ralph Wagner, anyone who for some reason may have failed to receive a letter, is welcome to attend. Besides Mr. Wagner, those to be present to help in the discussion include Dr. A. Arnold Kippen, Montgomery McClure and perhaps others qualified to give helpful information.

Advance reservations are not required, but the "Y" will appreciate it if those planning to attend will telephone 1000. This will be helpful to those in charge of arrangements, especially since refreshments are on the program.

La Paz, Bolivia, is the highest national capital in the world.

## Hollywood Gossip

By BOB THOMAS

"Captain Eddie," a 20th Century-Fox Picture with Fred MacMurray, Lynn Bari, Thomas Mitchell, Lloyd Nolan and James Gleason. Running time: 107 minutes.

HOLLYWOOD—After considerable controversy, the life story of Eddie Rickenbacker has finally reached the screen. It is acceptable as film biography, but it fails to achieve the excitement of Rickenbacker's real life.

To this reviewer, "Captain Eddie" seems an error in judgment. Aside from his adventure on a raft in the South Pacific, the most interesting phases of Rickenbacker's life are:

1. His early life as a racing car driver. This is dealt with in a one-minute montage.
2. His achievement as the top ace of the first world war. This is kissed off in a couple of minutes.
3. The southern airplane crash which almost killed him. The crash is not pictured; he is shown briefly in the hospital afterward.

OF THE rest of the picture, the raft scenes are effective because of the heroic nature of the battle against the sea. But even there, the characterization of the quarrelsome survivor (Lloyd Nolan) is overdrawn.

Too much of the picture deals with Rickenbacker's boyhood and the courtship of his wife. Whole

sequences could easily have been discarded and the more exciting elements of the man's life substituted.

My companion, Capt. Robert Elliott of Tacoma, Wash., returned from 35 B24 missions in Europe, said, "The picture is not exciting—not even in parts." He also complained that after the rescue "the picture makers were confused as to whether to attribute the rescue to the radioman's faith in God or Rickenbacker's faith in machines."

"The Fight for the Sky," an Air Forces film narrated by Capt. Ronald Reagan. Running time: 20 minutes.

THIS short film from the Air Forces illustrates why Field Marshal von Rundstedt declared, "Air power was the most decisive factor in the Reich's military failure."

The foot soldier is the man who wins wars. But the European war has proved that he can win them sooner if he is aided by the judicious use of air power. "The Fight for the Sky" shows how that was accomplished.

A large part of the film was made by cameras in the wings of fighter planes. They swoop down on ammunition trains, locomotives, canal barges, staff cars and supply dumps and leave behind nothing but destruction. The cumulative effect is not recommended for those whose doctors have advised them to shun excitement.
